(Except as otherwise expressly defined, capitalized terms shall have the meaning set forth at Article 13 Definitions).

**RECITALS**

A. The Exchange is authorized under the Federal Patient Protection and Affordable Care Act (Public Law 111-148), as amended by the Federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152) (collectively, “Affordable Care Act”), and the California Patient Protection and Affordable Care Act, (Chapter 655, Statutes of 2010 and Chapter 659, Statutes of 2010) (“California Affordable Care Act”) to selectively contract with dental plan issuers in order to make available to Enrollees of the Exchange dental care coverage choices that seek to provide the optimal combination of choice, value, access, quality and service to Qualified Individuals, Employers and Employees;

B. The Application process conducted by the Exchange is based on the assessment of certain requirements, criteria and standards that: (i) the Exchange determines are reasonable and necessary for bidding dental plan issuers to market, offer, and sell Qualified Dental Plans (QDPs) through the Exchange, (ii) are set forth in the QDP Issuer Application and (iii) are required under applicable laws, rules and regulations or otherwise necessary to meet the needs of QDP Enrollees in the Exchange, including those set forth at 10 CCR § 6400 et seq. and 45 C.F.R. Part § 155 et seq.;

(Except as otherwise stated, references to “Codes” set forth herein shall refer to the laws of the State of California.);

E. Based on the Exchange’s evaluation of the proposal submitted by Contractor in response to the Application (“Proposal”) and its consideration of other factors required to be considered under applicable laws, rules and regulations and as otherwise necessary to meet the needs of Enrollees, the Exchange intends to designate Contractor as a QDP Issuer pursuant to the Exchange’s determination that Contractor’s proposed QDPs meet the requirements necessary to provide dental coverage as a QDP to Qualified Individuals and Employers who purchase dental coverage through the Exchange;

## ARTICLE 1 – GENERAL PROVISIONS

### 1.1 Purpose

This Agreement sets forth the expectations of the Exchange and Contractor with respect to: (a) the delivery of services and benefits to Enrollees; (b) the respective roles of the Exchange and the Contractor related to enrollment, eligibility and customer service for Enrollees; (c) the coordination and cooperation between the Exchange and the Contractor on the promotion of better care and higher value for Enrollees and other health care consumers; (d) the Exchange's expectation of enhanced alignment between Contractor and its Participating Providers to deliver high quality, high value health care services, and; (e) administrative, financial and reporting relationships and agreements between the Exchange and Contractor.

The Exchange enters into this Agreement with Contractor to further the mission to increase the number of insured Californians, improve health care quality and access to care, promote health, lower costs, and reduce health disparities. The Exchange seeks to accomplish its mission by creating an innovative, competitive marketplace that empowers consumers to choose the dental plan and providers that offer the best value. The Exchange's "Triple Aim" framework seeks to improve the patient care experience including quality and satisfaction, improve the health of the population, and reduce the per capita cost of health care services. By agreeing to these expectations as set forth in this Agreement, Contractor and the Exchange acknowledge a commitment to be active and engaged participants to promote change and to work collaboratively to define and implement additional initiatives to continuously improve quality and value.

### 1.2 Applicable Laws and Regulations

This Agreement is in accord with and pursuant to the California Affordable Care Act, California Government Code § 100500 et seq., (Chapter 655, Statutes of 2010 and Chapter 659, Statutes of 2010) and the implementing regulations, Title 10, Chapter 12 of the California Code of Regulations, § 6400 et seq., as enacted or as modified during the course of this Agreement. Contractor shall maintain timely compliance with standards required for certification that are issued, adopted or recognized by the Exchange to demonstrate that each dental plan it offers in the Exchange qualifies as a QDP.

- (a) Contractor and the Exchange recognize that several of the market reforms in the Affordable Care Act do not apply to QDPs. For Contractor's QDPs sold inside the Exchange, the Contractor agrees to comply with the following provisions:
- (i) Prohibition of preexisting conditions or other discrimination based on health status pursuant to 42 U.S.C. § 300gg-3, California Health and Safety Code § 1357.51, and California Insurance Code § 10198.7;
  - (ii) Fair health insurance premiums pursuant to 42 U.S.C. § 300gg, California Health and Safety Code § 1357.512(a), and California Insurance Code § 10753.14;
  - (iii) Guaranteed availability of coverage pursuant to 42 U.S.C. § 300gg-1, California Health and Safety Code § 1399.849(g), and California Insurance Code § 10965.3(g);
  - (iv) Guaranteed renewability of coverage pursuant to 42 U.S.C. § 300gg-2, California Health and Safety Code § 1389.7(a), and California Insurance Code § 10119.2(a);
  - (v) Nondiscrimination in health care pursuant to 42 U.S.C. § 300gg-4, 42 U.S.C. § 300gg-5, California Health and Safety Code § 1357.503(f), and California Insurance Code § 10753.05(h);

  - (viii) Network adequacy requirements pursuant to Section 3.3 of this Agreement; and
  - (ix) Timely access to care.

### **3.1.3 Plan Naming Conventions**

Contractor must adhere to Covered California's Plan Naming Conventions on all Regulator plan filings, marketing material, Enrollee materials, and SERFF submissions.

### **3.1.4 Operational Requirements and Liquidated Damages**

The timely and accurate submission of Contractor's QDP filings and documents to the Exchange for upload into CalHEERS is critical to the successful launch of each Renewal and Open Enrollment Period. When submissions are late or inaccurate, the Exchange suffers financial harm with each resubmission and such actions put the Renewal and Open Enrollment process at risk. The parties agree that the liquidated damages below are proportional to the damages the Exchange incurs from each respective error made by Contractor. Therefore, Contractor agrees to meet the following operational requirements:

### **SERFF Template Completion**

Contractor must submit complete and accurate SERFF Templates to the Exchange beginning with submissions for the 2017 Plan Year, and each year thereafter. The Exchange will participate in two rounds of validation with the Contractor. Contractor agrees to pay liquidated damages in the amount of \$5,000 for each additional round of validation beyond the first two rounds. Changes to any or all of Contractor's SERFF Templates counts as one round of validation. If instructions provided by the Exchange include inaccurate information which necessitates an additional round of validation, or an additional round of validation is necessary due to required changes by Covered California or Contractor's regulator, those rounds of validation will not be counted in the two rounds of validations.

### **CalHEERS Test and Load Deadlines**

Contractor must participate in CalHEERS testing and provide certification of plan data and documents in the CalHEERS pre-production environment. The pre-production environment is the test environment where the parties can validate templates and documents prior to the Renewal and Open Enrollment Periods. Following Contractor's certification of the QDPs in the pre-production environment, any subsequent upload required to correct Contractor's errors in the production environment will result in liquidated damages in the amount of \$25,000, beginning with uploads for the 2017 Plan Year, and each year thereafter. One upload, for purposes of this paragraph, includes all plan data and documents that must be resubmitted to correct Contractor's errors. Liquidated damages will not apply to additional uploads resulting from errors in the instructions provided by the Exchange, or changes required by Covered California or Contractor's regulator.

If liquidated damages are applied by the Exchange under this section then no other remedies under Section 7.2.4 will apply to the Contractor for that same or any related action.

### **Deadlines for Regulatory Approval**

The Exchange reserves the right to require that the Contractor receive regulatory approval for Licensure, rates, products, Summary of Benefits and Coverage/Evidence of Coverage documents, policy documents, Network, and Service Area prior to participating in the CalHEERS pre-production environment.

### **Communication with Plan Manager and the Exchange**

Contractor must notify the Exchange in a timely manner of changes with operational impacts to the Exchange, Enrollees or CalHEERS (e.g. Contractor changes vendors that interface with CalHEERS). Contractor shall attempt to avoid making any operational changes that may impact CalHEERS thirty (30) days prior to and during each Renewal and Open Enrollment Period.

## **3.2 Benefit Standards**

### **3.2.1 Benefit Design**

Each QDP offered by Contractor under the terms of this Agreement shall provide the Children's Dental Plan and Family Dental Plan in accordance with the Benefit Plan Design requirements at 10 CCR § 6460 and as identified in Attachment 2, and as required under this Agreement, and as applicable, any other laws, rules and regulations, including California Health and Safety Code § 1367.005, California Insurance Code § 10112.27, California Government Code § 100503(e), 45 C.F.R. § 155.1065, 45 C.F.R § 156.150, and as applicable, 45 C.F.R. § 156.200(b).

### **3.2.2 Standard Benefit Designs**

During the term of this Agreement, Contractor shall offer the QDPs identified in Attachment 1 and provide the benefits and services at the cost-sharing and actuarial cost levels described in the Standard Benefit Plan Designs, as summarized in Attachment 2 ("Benefit Plan Designs"), and as may be amended from time to time as required under applicable laws, rules and regulations or as otherwise authorized under this Agreement.

### 3.2.3 Family Deductible and Out-of-Pocket Maximum Accumulation

Contractor shall institute policies and procedures to prevent the re-setting of an enrolled family's accumulation toward their family out-of-pocket maximum, and family deductible if applicable, in the event of a mid-year change in enrolled family composition. Contractor shall not re-set a family's out-of-pocket accumulation, or family deductible accumulation if applicable, for family members for whom there is no break in coverage in a plan year, regardless of change in Subscriber. All out-of-pocket costs paid by enrolled family members enrolled in the plan year shall be counted in the accumulation to the family's out-of-pocket maximum for that plan year.

### 3.2.4 Offerings outside of the Exchange

- (a) Contractor acknowledges and agrees that QDPs bundled with Qualified Health Plans and substantially similar plans offered by Contractor outside the Exchange must be offered at the same rate whether offered inside the Exchange or whether the plan is offered outside the Exchange directly from the issuer or through an Agent as required under State and Federal law.
- (b) For purposes of this subdivision, "product" does not include contracts entered into pursuant to Part 6.2 (commencing with § 12693) of Division 2 of the Insurance Code between the Department of Health Care Services (DHCS) and health care service plans for enrolled Healthy Families beneficiaries or to contracts entered into pursuant to Chapter 7 (commencing with § 14000) of, or Chapter 8 (commencing with § 14200) of, Part 3 of Division 9 of the Welfare and Institutions Code between the DHCS and health care service plans for enrolled Medi-Cal beneficiaries.

### 3.2.5 Coordination of Benefits

Contractor's Qualified Dental Plans shall include a Coordination of Benefits (COB) provision in its Evidence of Coverage or Policy Form that (1) is consistent with Health and Safety Code § 1374.19 and Insurance Code § 10120.2 and (2) provides that the Qualified Dental Plan is the secondary dental benefit plan or policy under that COB provision to any Qualified Health Plan that provides the Pediatric Dental Essential Health Benefit. This provision shall apply to Contractor's QDPs offered both inside and outside of the Individual and Covered California for Small Business Exchanges, except where 28 CCR § 1300.67.13 or 10 CCR § 2232.56 provides for a different order of determination for COB in the small group market.

## 3.3 Network Requirements

### 3.3.1 Service Area

- (a) Service Area Listing. During each year of this Agreement, in conjunction with the establishment of Monthly Rates payable to Contractor under Article 5 for each of the Contract Years, the Service Area listing set forth in Attachment 4 ("Service Area Listing") shall be amended to reflect any changes in the Service Area of Issuer's QDPs. Any such changes shall be effective as of January 1 of each of the applicable Contract Year. In the event ZIP codes are added to the current Service Area by the United States Postal Service, the parties agree such added ZIP codes shall be automatically included in the Service Area and shall be reflected in the next scheduled update of the Service Area Listing.

approval from the Exchange, which shall not be unreasonably denied, and to the extent required, the Health Insurance Regulator with jurisdiction over Contractor.

- (c) Service Area Eligibility. In order to facilitate the Exchange's compliance with State and Federal law, Contractor shall monitor information it receives directly or indirectly or through its subcontractors to ensure continued compliance with eligibility requirements related to: (i) participation by Employers in Covered California for Small Business, including those requirements related to the Employer's principal place of business or primary worksite in the Service Area or (ii) participation of Qualified Individuals in the Individual Exchange, including requirements related to residency in Contractor's service area.

Contractor shall notify the Exchange if it becomes aware that an Employer or individual Enrollee enrolled in a QDP of Contractor no longer meets the requirements for eligibility, based on place of business, primary worksite, or residence. The Exchange will evaluate, or cause CalHEERS to evaluate, such information to determine Enrollee's continuing enrollment in the Contractor's Service Area under the Exchange's policies which shall be established in accordance with applicable laws, rules and regulations. Contractor and its subcontractors will have no duty to investigate representations made by Employers regarding eligibility; provided, however, that Contractor shall notify the Exchange in the event that it becomes aware that such representation may not be accurate.

### 3.3.2 Network Stability

- (b) Participating Provider Stability. Contractor shall maintain policies and procedures that are designed to preserve and enhance Contractor's network development by facilitating the recruitment and retention of Participating Providers necessary to provide access to Specialized Health Care Services. - (c) Contractor shall implement reasonable policies and practices designed (i) to reduce the potential for disruptions in Contractor's provider networks, and (ii) to minimize the amount of uncertainty, disruption, and inconvenience of Enrollees in the execution of the transition of care as required under State laws, rules and regulations in connection with any such disruption. Contractor agrees to maintain adequate records, reasonably satisfactory to the Exchange, documenting its policies and its compliance with these requirements by Contractor and Participating Providers.
- (d) Notice of material network changes. Contractor shall notify the Exchange with respect to changes in its provider network as follows:

In order to further the mission of the Exchange with respect to these objectives and provide the Covered Services required by Enrollees, the Exchange and Contractor shall coordinate and cooperate with respect to quality activities conducted by the Exchange in accordance with the mutually agreeable terms set forth in this section and in the Exchange's Quality, Network Management and Delivery System Standards set forth at Attachment 7 ("Quality, Network Management and Delivery System Standards").

### 4.2 Quality Management Program

Contractor shall maintain a quality management program to review the quality of Specialized Health Care Services provided by Participating Providers and other subcontractors. Contractor's quality management program shall be subject to review by the Exchange annually to evaluate Contractor's compliance with requirements set forth in the Quality, Network Management and Delivery System Standards.

Contractor shall coordinate and cooperate with the Exchange in developing the Quality, Network Management and Delivery System Standards, including (i) participating in meetings and other programs as reasonably requested from time to time by the Exchange, (ii) providing mutually agreed upon data and other information required under the Quality, Network Management and Delivery System Standards, and (iii) as otherwise reasonably requested by the Exchange. ## ARTICLE 5 – FINANCIAL PROVISIONS

### 5.1 Individual Exchange

#### 5.1.1 Rates and Payments

- (a) Schedule of Rates. The Exchange and Contractor have agreed upon monthly premium rates (“Monthly Rates”) payable to Contractor as compensation for Services provided under this Agreement. The Monthly Rates for the Individual Exchange for Plan Year 2017 are set forth in Attachment 8 (“Monthly Rates - Individual Exchange”), and will be updated annually for Plan Years 2018 and 2019 in Attachment 9. The parties acknowledge and agree that the premium amounts set forth under the Monthly Rates are actuarially determined to ensure that premium revenues and cost sharing contributions will provide the total dollar amount necessary to support (i) the provision of Covered Services by Contractor through its QDPs, (ii) administrative expenses and reasonable reserves required by Contractor to meet the requirements outlined in this Agreement and in accordance with applicable laws, rules and regulations, and (iii) the payment by Contractor of the Participation Fee, as further described in Section 5.1.3.
- (b) Updates. If the Term of this Agreement is longer than one year and Contractor’s QDPs are certified for another year, the Monthly Rates for each subsequent year of the Agreement will be established no more frequently than annually in accordance with the procedures set forth at and Section 3.5 and Attachment 9 (“Rate Updates - Individual Exchange”).
- (c) Collection and Remittance. Contractor understands that Contractor is responsible for collection and the Enrollee is responsible for remittance of the agreed-upon premium rates to Contractor in a timely manner. Contractor understands that individual Enrollees will remit their monthly premium payments directly to Contractor, and the Exchange will not aggregate premiums. The failure by an Enrollee to timely pay premiums may result in a termination of coverage pursuant to the terms set forth at Sections 2.2.4 and 2.3.4. Contractor further understands that the premium payment collected by Contractor includes amounts allocated to the Participation Fee due to the Exchange. The Participation Fees shall be billed by the Exchange to Contractor and payable by Contractor to the Exchange in accordance with the requirements set forth at Section 5.1.3.

#### 5.1.2 Financial Consequences of Non-Payment of Premium

- (a) Premium payment rules. Contractor is responsible for enforcement of premium payment rules at its own expense, as outlined in the terms set forth in the Evidence of Coverage regarding the failure by Enrollee to pay the premium in a timely manner as directed by the Enrollee policy agreement and in accordance with applicable laws, rules and regulations. Enforcement by Contractor shall include, but not be limited to, chargebacks, delinquency and termination actions and notices, grace period requirements, and partial payment rules. Such enforcement shall be conducted in accordance with requirements in this Agreement consistent with applicable laws, rules and regulations.
- (b) Enrollee Terminations. In the event Contractor terminates an Enrollee’s coverage in a QDP due to non-payment of premiums, loss of eligibility, fraud or misrepresentation, change in Enrollees selection of QDP, decertification of Contractor’s QDP, or as otherwise authorized under Sections 2.2.4 and 2.3.4, Contractor must include applicable Regulator-approved appeals language, and any Exchange-required appeals language in its notice of termination of coverage to the Enrollee.

#### 5.1.3 Individual Exchange Participation Fees

- (a) Contractor understands and agrees that (i) under the Affordable Care Act and the California Affordable Care Act, the Exchange may generate funds through a participation fee (“Participation Fees”) on Contractor’s QDPs and (ii) Contractor is responsible for the timely payment of any Participation Fees to the Exchange.

- (b) Contractor recognizes that the total cost of all Participation Fees for the Exchange must be spread across Contractor's entire book of business in the single risk pool (both inside and outside the Exchange) for the Individual Market, and across Contractor's entire book of business in the single risk pool (both inside and outside the Exchange) for the small employer market.
- (c) The Participation Fee payable to the Exchange during each month of this Agreement shall be equal to three point seven-five (3.75) percent of the gross premium attributable to each Enrollee in Contractor's QDPs for such month. The Participation Fee will be assessed by the Exchange and payable monthly by Contractor based on the Exchange's gross premium records attributable to Enrollees in Contractor's QDPs sold through the Individual Exchange for 2017-2019. The Participation Fee will be reviewed each year as part of the Exchange's annual budget process. Should the Exchange need to collect or refund any premiums for years 2014 to 2018, the Participation Fee shall be calculated pursuant to the QDP Issuer Agreement that was in place during the applicable plan year or years. In the case of partial month enrollments, Participation Fees will be adjusted based on the methodology specified in 10 CCR § 6500(i). The Exchange will send invoices through email to Contractor monthly for Participation Fees due to the Exchange for the preceding month. The Exchange will provide the Contractor a Member Level Detail file to support the invoice. Contractor's Participation Fee invoice will be based on the Contractor's QDP enrollments in the preceding month based on the Exchange's records and may be adjusted to reflect changes in enrollment that may have occurred in prior months (including additions, terminations and cancellations of enrollment or changes in gross premiums). Participation Fee payments will be due fifteen (15) days from the date the invoice is emailed to Contractor. For invoices paid after fifteen (15) days from the date the invoice is emailed, Contractor will be subject to a 1% late fee on the unpaid balance as of that date. The Exchange may only charge one late fee per invoice. The Exchange, in its sole discretion, may waive the late fee for any month if good cause exists for Contractor's failure to make the payment by the due date. Participation Fee payments will be applied to the oldest outstanding invoice or overall balance, including prior month late fees, whichever is greater.
- (d) CalHEERS will serve as the system of record for Participation Fee billings. In the event a Contractor finds a discrepancy in the Participation Fees billed or deducted by the Exchange, Contractor will resolve the underlying enrollment issues through the daily 834 interface, or monthly member reconciliation described in Section 2.1.2. If the Contractor still disputes the findings of the Exchange, Contractor may pursue additional remedies in accordance with Section 12.1.
- (e) Subject to the provisions of Section 10.5, Contractor agrees to a periodic audit or other examination by the Exchange or its designee regarding the computation and payment of Participation Fees. In the case of material non-compliance with Participation Fee payments, Contractor shall implement any necessary corrective action. The Exchange may perform follow up audits or examinations more frequently than annually to monitor Contractor's implementation of such corrective actions.
- (f) Contractor acknowledges that the Exchange is required under Government Code §100520(c) to maintain a prudent reserve as determined by the Exchange.

## **5.2 Covered California for Small Business Exchange**

### **5.2.1 Rates and Payments**

- (a) Schedule of Rates. The rates for the Covered California for Small Business plan year 2017 are set forth in Attachment 10 ("Monthly Rates – Covered California for Small Business") and will be updated annually for Plan Years 2018 and 2019 in Attachment 11. The parties acknowledge and agree that the premium rates for Covered California for Small Business are actuarially determined to assure that premium revenues and cost sharing contributions will provide the total dollar amount necessary to support (i) the provision of Covered Services by Contractor through its QDPs, (ii) administrative expenses and reasonable reserves by Contractor to meet the requirements outlined in this Agreement and in accordance with applicable laws, rules and

regulations, and (iii) the Contractor's payment of the Participation Fee to the Exchange. The Participation Fee payable with respect to Enrollees in Covered California for Small Business includes a fee specified by the Exchange as necessary to support payment of distribution related expenses. Contractor acknowledges and agrees that any Participation Fees due to the Exchange from Contractor shall be withheld by the Exchange before passing through any premium payments received by the Exchange from Employers and Employees to Contractor in accordance with paragraph (d) of this Section 5.2.1.

- (b) Updates. The Monthly Rates shall be established in accordance with the procedures set forth at Section 3.5 and in Attachment 11 ("Rate Updates – Covered California for Small Business"). The Exchange may authorize an update of rates no more frequently than on a quarterly basis in the Covered California for Small Business, in accordance with requirements and update schedules to be determined by the Exchange.
- (c) Rate Determinations. Rates will be determined for the Exchange in accordance with applicable laws, rules and regulations. Rates for plan years for Employers and all covered Employees will be determined by ZIP Code of the Employer's primary business address. Rates for an Employer and all covered Employees will be determined and frozen at initial enrollment, or upon renewal, for twelve (12) months, until the next group renewal. Rates for all Employees including new Employees or Employees with qualifying events during the Employer Plan Year will be determined by the prevailing rates at group enrollment.
- (d) Collection and Remittance. The Exchange agrees to perform collection and aggregation of monthly premiums with respect to Contractor's QDPs in the small business exchange and will remit said premiums, net of (i) Participation Fees payable to the Exchange and (ii) the fee associated with Agent compensation paid by the Exchange pursuant to Section 2.3.6.
- (e) The Exchange's collection of premiums and remittance of net amounts to Contractor's QDPs as described in this section shall be made on a monthly basis.
- (f) Grace Period. Contractor acknowledges and agrees that applicable laws, rules and regulations, including the Knox-Keene Act and Insurance Code, set a grace period with respect to the delinquent payment of premiums for the small group market.

### **5.2.2 Covered California for Small Business Participation Fees**

- (a) Contractor understands and agrees that (i) under the Affordable Care Act and the California Affordable Care Act, the Exchange may generate funds through a participation fee ("Participation Fees") on Contractor's QDPs and (ii) Contractor is responsible for the timely payment of any Participation Fees to the Exchange. The Exchange shall collect Participation Fee and Agent and General Agent compensation from premiums remitted by Employers and Employees.
- (b) The Participation Fee payable to the Exchange during each month of this Agreement shall be equal to five point two (5.2) percent of the gross premium attributable to each Enrollee in Contractor's QDPs for such month plus additional fees as necessary to support distribution related expenses. The Participation Fee will be assessed by the Exchange and payable monthly by Contractor based on premium attributable to enrollees in Contractor's QDPs sold through the Covered California for Small Business Exchange for 2017-2019. The Participation Fee will be reviewed each year as part of the Exchange's annual budget process. Should the Exchange need to collect or refund any premiums for years 2014 to 2016, the Participation Fee shall be calculated pursuant to the QDP Issuer Agreement that was in place during the applicable plan year or years.
- (c) With respect to Covered California for Small Business, Contractor acknowledges that (i) the Exchange is responsible for collecting premiums from Employers and Employees, and (ii) the Exchange will remit applicable Employer and Employee premiums collected by the Exchange to Contractor, net of (1) Participation Fees computed in accordance with the Participation Methodology - Covered California for Small Business, and (2) Distribution related expenses

determined in accordance with the terms set forth at Sections 2.3.3 and 2.3.6. Covered California for Small Business shall transfer funds to Contractor on a monthly basis or such other intervals as mutually agreed upon by the Exchange and Contractor and shall establish a process to resolve any disagreements on premium amounts due in a timely manner and prior to transfer of funds to Contractor as required under this section.

- (d) In the event that Contractor disputes the amount of Participation Fees billed or deducted by the Exchange, Contractor shall submit a written notice of such dispute to the Exchange within thirty (30) days following receipt of such bill or deduction by the Exchange. Contractor's notice will document the nature of the discrepancies, including reconciliation of any differences identified by Contractor in enrollment or premiums collected. The Exchange will respond to Contractor within forty-five (45) days of receipt of the notice by either (i) paying the amount claimed by Contractor or (ii) providing a detailed explanation for the denial of the refund. If the Contractor still disputes the findings of the Exchange, Contractor may pursue additional remedies in accordance with Section 12.1.
- (e) Subject to the provisions of Section 10.5, Contractor agrees to a periodic audit or other examination by the Exchange or its designee regarding the computation and payment of Participation Fees. In the case of material non-compliance with Participation Fee payments, Contractor shall implement any necessary corrective action and follow up audits or examinations may be performed by the Exchange more frequently than annually to monitor Contractor's implementation of such corrective actions.
- (f) Contractor acknowledges that the Exchange is required under Government Code § 100520(c) to maintain a prudent reserve as determined by the Exchange.

## ARTICLE 6 – PERFORMANCE MEASURES

### 6.1 Standards

Contractor shall comply with the performance standards set forth in this Agreement and Attachment 14 (“Performance Standards”). Contractor shall measure and report Individual Exchange and Covered California for Small Business lines of business separately. The Exchange shall conduct or arrange for the conduct of a review of Contractor’s performance under the Performance Measures. The Exchange shall be responsible for the actual and reasonable costs of the review, including the costs of any third-party designated by the Exchange to perform such review. The review shall be in addition to any ongoing monitoring that may be performed by the Exchange with respect to the Performance Measures.

The Exchange will review results of the Contractor’s Performance Standards. The parties will meet and confer on the results of the Contractor’s Performance Standards. The Exchange, in its sole discretion, may use some or all of the Performance Standards set forth in Attachment 14 as part of its Recertification and Decertification process in subsequent years.

### 6.2 Penalties and Credits

The Exchange may impose penalties (“penalties”) in the event that Contractor fails to comply or otherwise act in accordance with the Performance Measures. The Exchange shall also administer and calculate credits (“credits”) that may offset or reduce the amount of any performance penalties, but in no event shall such credits exceed the total amount of the penalty levied. Penalties and credits will be calculated in accordance with Attachment 14.

## ARTICLE 7 - CONTRACT TERM; RECERTIFICATION AND DECERTIFICATION

### 7.1 Agreement Term

The term of this Agreement is specified on the STD 213, which is the signature page of this Agreement.

### 7.2 Agreement Termination

#### 7.2.1 Exchange Termination

The Exchange may, with ninety (90) days' written notice to Contractor, and without prejudice to any other of the Exchange remedies, terminate this Agreement for cause based on one or more of the following occurrences:

- (a) Contractor fails to fulfill an obligation that is material to its status as a QDP Issuer or its performance under the Agreement;
- (b) Contractor no longer holds a license or certificate that is required for Contractor to perform its obligations under this Agreement or Contractor otherwise fails to maintain compliance with the "good standing" requirements pursuant to Section 3.1.1 and which impairs Contractor's ability to provide Services under the Agreement;
- (c) Contractor breaches any material term, covenant, warranty, or obligation under this Agreement that is not cured or substantially cured to the reasonable satisfaction of the Exchange within forty-five (45) days after receipt of notice of default from the Exchange; provided, however, that such cure period may not be required and the Exchange may terminate the Agreement immediately if the Exchange determines pursuant to subparagraph (e) below that Contractor's breach threatens the health and safety of Enrollees;
- (d) Contractor knowingly has a director, officer, partner, or person with a beneficial ownership of more than five percent (5%) of Contractor's equity or has an employment, consulting or other subcontractor agreement for the provision of Services under this Agreement who is, or has been:
  - (i) excluded, debarred, or suspended from participating in any federally funded health care program, (ii) suspended or debarred from participation in any state contract or procurement process, or (iii) convicted of a felony or misdemeanor (or entered a plea of nolo contendere) related to a crime or violation involving the acquisition or dispersal of funds or delivery of Health Care Services to beneficiaries of any State or Federal health care program;
- (e) The Exchange reasonably determines that (i) the welfare of Enrollees is in jeopardy if this Agreement continues, as such determination shall be made in the reasonable discretion of the Exchange based on consideration of professionally recognized standards and benchmarks, requirements imposed by accreditation agencies and applicable laws, rules and regulations; or (ii) Contractor fails to comply with a change in laws, rules or regulations occurring during the term of this Agreement and/or does not take any and all actions that may be required to amend the Agreement and otherwise establish and document compliance with any such changes; and (iii) the Exchange reasonably determines, based on consultation with legal counsel and/or other regulators and/or other State-based or Federal health benefit exchanges, that it may be at risk of being found noncompliant with Federal or State laws, rules or regulations.

#### 7.2.2 Contractor Termination

Contractor may, by ninety (90) days' written notice to the Exchange, and without prejudice to any other of the remedies, terminate this Agreement for cause based on one or more of the following occurrences:

- (a) The Exchange breaches any material term, covenant, warranty, or obligation under this Agreement that is not cured or substantially cured to the reasonable satisfaction of the Contractor within forty-five (45) days after receipt by the Exchange of notice from the Contractor; or
- (b) The Exchange fails to comply with a change in laws, rules or regulations occurring during the term of this Agreement or does not take any and all actions that may be required to amend the Agreement and otherwise establish and document compliance with any such changes, and Contractor reasonably determines, based on consultation with legal counsel and/or other regulators and/or other State-based or Federal health benefit exchanges, that it may be at risk of being found noncompliant with Federal or State laws, rules or regulations.

### **7.2.3 Notice of Termination**

If the Exchange determines, based on reliable information, that there is a substantial probability that Contractor will be unable to continue performance under this Agreement or Contractor will be in material breach of this Agreement in the next thirty (30) days, then the Exchange shall have the option to demand that Contractor provide the Exchange with a reasonable assurance of performance. Upon Contractor's receipt of such a demand from the Exchange, Contractor shall provide to the Exchange a reasonable assurance of performance responsive to the Exchange's demand. If Contractor fails to provide assurance within ten (10) days of the Exchange's demand that demonstrates Contractor's reasonable ability to avoid such default or cure within a reasonable time period not to exceed thirty (30) days, the failure shall constitute a breach by Contractor justifying termination of the Agreement by the Exchange.

In case a party elects to terminate this Agreement in whole or in part under Section 7.2, the notifying party shall give the other party ninety (90) days written notice of termination for default, specifying the default or defaults justifying the termination. The termination shall become effective after the expiration of such notice period if the defaults specified by the notifying party in its notice remain uncured at that time; provided, however, that the Exchange may require Contractor to discontinue the provision of certain Services if the Exchange determines that the continuing provision of services may cause harm to Enrollees, Participating Providers or other stakeholders.

The Exchange shall be entitled to retain any disputed amounts that remain in the possession of the Exchange until final resolution of all claims by the parties against each other arising out of any Contractor default alleged by the Exchange.

### **7.2.4 Remedies in Case of Contractor Default or Breach**

- (a) In addition to the termination provisions in Section 7.1.1, the Exchange shall have full discretion to institute any of the following remedies, in accordance with subsection (b) of this section, in case of Contractor's breach, whether material or not, or default:
  - i. Changing the order in which Contractor's QDPs are displayed in CalHEERS or plan preview;
  - ii. Removing Contractor's provider directory from the Covered California website;
  - iii. Freezing Contractor's Enrollment during Open or Special Enrollment Periods;
  - iv. Recovery of damages to the Exchange caused by the breach or default; and
  - v. Specific performance of particular covenants made by Contractor hereunder.
- (b) Prior to instituting any of the remedies in subsection (a), the Exchange shall provide written notice to Contractor that Contractor is in breach or default of this Agreement, identify the basis for such breach or default, and provide Contractor with a thirty (30) day period to cure. During the cure period, the parties agree to meet and confer in an effort to informally resolve the breach or default. Contractor shall have thirty (30) days from the date Contractor received notice of the breach or default to fully cure the breach or default, unless the parties mutually agree to a longer

cure period. If both parties agree that return or destruction of information is not feasible or necessary, the receiving party will continue to extend the protections outlined in this Agreement to all assets in its possession and will limit further use of that information to those purposes that make the return or destruction of the information or assets. The Exchange reserves the right to inspect the storage, processes, and destruction of any Information Assets provided under this Agreement.
- (d) Contractor shall comply with the requirements set forth at Section 7.2.2 in the event that Contractor makes a Non-Recertification Election.

- (f) Contractor shall cooperate with the Exchange's conduct of an accounting of amounts paid or payable and Enrollees enrolled during the month in which termination is effective in order to assure an appropriate determination of premiums earned by and payable to Contractor for Services rendered prior to the date of termination, which shall be accomplished as follows:

#### **8.1.4 Continuation of Required Coverage**

For professional liability and errors and omissions coverage and crime coverage, Contractor shall continue such coverage beyond the expiration or termination of this Agreement. In the event Contractor procures a claim made policy as distinguished from an occurrence policy, Contractor shall procure and maintain prior to termination of such insurance, continuing extended reporting coverage for the maximum terms provided in the policy so as to cover any incidents arising during the term of this Agreement.   - ii. Contractor shall, without unreasonable delay, but no later than within three (3) business days after Contractor’s discovery of a Breach or Security Incident reasonably calculated to result in a Breach of PII or PHI subject to this agreement, submit an initial report regarding any such Breach or Security Incident to the Exchange. Reports shall be made on a form made available to Contractor by the Exchange.
  - iii. Contractor shall cooperate with the Exchange in investigating any such Breach or Security Incident and in meeting the Exchange’s obligations, if any, under applicable State and Federal security breach notification laws, regulatory obligations or agency requirements. Contractor and the Exchange will cooperate in developing content for any public statements.

(f) Other Obligations. The following additional obligations apply to Contractor:

- (i) Subcontractors and Agents. Contractor shall enter into an agreement with any Agent or subcontractor that will have access to Protected Health Information and/or Personally Identifiable Information that is received from, or created or received by, Contractor on behalf of the Exchange or in connection with this Agreement, or any of its contracting Plans pursuant to which such Agent or subcontractor agrees to be bound by the same or more stringent restrictions, terms and conditions as those that apply to Contractor pursuant to this Agreement with respect to such Protected Health Information and Personally Identifiable Information.

In addition, Contractor shall provide the Exchange with information concerning its safeguards described throughout this section and/or other information security practices as they pertain to the protection of Protected Health Information and Personally Identifiable Information, as the Exchange may from time to time request. Failure of Contractor to complete or to respond to the Exchange's request for information within the reasonable timeframe specified by the Exchange shall constitute a material breach of this Agreement. In the event of a Breach or Security Incident related to Protected Health Information and/or Personally Identifiable Information or any use or disclosure of Protected Health Information and/or Personally Identifiable Information by Contractor in violation of the requirements of this Agreement, the Exchange will be permitted access to Contractor's facilities in order to review policies, procedures and controls relating solely to compliance with the terms of this Agreement.
- (iv) Electronic Transactions Rule. In conducting any electronic transaction that is subject to the Electronic Transactions Rule on behalf of any Plan, Contractor agrees to comply with all applicable requirements of the Electronic Transactions Rule set forth in 45 C.F.R. Part 162. Contractor agrees to require that any Agent, including a subcontractor, of Contractor that conducts standard transactions with Protected Health Information and/or Personally Identifiable Information of the Plan comply with all applicable requirements of the Electronic Transactions Rule.
- (v) Minimum Necessary. Contractor agrees to request and use only the minimum necessary type and amount of Protected Health Information required to perform its services and will comply with any regulations promulgated under the HIPAA Requirements and agency guidance

concerning the minimum necessary standard pertaining to Protected Health Information. Contractor will collect, use and disclose Personally Identifiable Information only to the extent necessary to accomplish a specified purpose under this Agreement.

- (vi) Indemnification. Contractor shall indemnify, hold harmless, and defend the Exchange from and against any and all costs (including mailing, labor, administrative costs, vendor charges, and any other costs the Exchange determines to be reasonable), losses, penalties, fines, and liabilities arising from or due to a Breach or other non-permitted use or disclosure of Protected Health Information and/or Personally Identifiable Information by Contractor or its subcontractors or Agents, including without limitation, (1) damages resulting from any action under applicable (a) HIPAA Requirements, (b) the Exchange Requirements or (c) California Requirements, and (2) the costs of the Exchange actions taken to: (i) notify the affected individual(s) and other entities of and to respond to the Breach; (ii) mitigate harm to the affected individual(s); and (iii) respond to questions or requests for information about the Breach or other impermissible use or disclosure of Protected Health Information and/or Personally Identifiable Information.
- (g) Privacy Policy. The Exchange shall notify Contractor of any limitation(s) in its Privacy Policy, to the extent that such limitation may affect Contractor's use or disclosure of Protected Health Information and/or Personally Identifiable Information.
- (h) Reporting Violations of Law. Contractor may use Protected Health Information to report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. § 164.502(j)(2), other provisions within the HIPAA Requirements, or any other applicable state or federal laws or regulations.
- (i) Survival. Notwithstanding anything to the contrary in the Agreement, the provisions of this section on the Protection of Personally Identifiable Information shall survive termination of the Agreement with respect to information that relates to Contractor Exchange functions until such time as all Personally Identifiable Information and Protected Health Information is destroyed by assuring that hard copy Personally Identifiable Information and Protected Health Information will be shredded and electronic media will be cleared, purged, or destroyed consistent with National Institute of Standards and Technology Guidelines for Media Sanitization, or is returned to the Exchange, in a manner that is reasonably acceptable to the Exchange.
