RE: RFP 2013-08 Enterprise Analytics Solution, Addendum 3

Dear Vendors,

Due to a rescheduled Board meeting in December and its resulting impact on key stakeholders, Covered California has rescheduled Confidential Discussions and is releasing Addendum 3. This addendum replaces the previous RFP document in total, and incorporates the following substantive changes:

- Reschedules Confidential Discussions to December 16 – 19, 2014;
- Delays all procurement activities following the Confidential Discussions by one week; and
- Replaces the Covered California sole point of contact.

Covered California has modified the following RFP documents via Addendum 3:

- RFP 2013-08 Enterprise Analytics Solution, Addendum 3 (cover page, cover letter page 2, Section 1.2 Sole Point of Contact, Section 1.3 Procurement Schedule, and Section 3.12.1 Number of Copies).

Vendors that have submitted their Draft Technical Proposals should examine Addendum 3 in detail, and await notification from Covered California regarding the scheduling of individual Confidential Discussion sessions. Covered California thanks you for your interest and participation in this process.
