Questions and Answers

QUESTION	ANSWER
1. Regarding the agile methodology requirement in the Project Team Minimum Qualifications, Section 2.1, would the department consider reclassifying that requirement as “desirable” for the Developer and BA roles only (i.e. mandatory for PM only)?	Covered California is firm on our language for the Bidder’s key staff (Project Manager, Lead Developer, and Lead Business Analyst) to have the minimum experience stated for three years of experience using Agile methodology in their respective roles.
