* Proof of current income of all family members applying. (A dependent's income should be included only if their income level requires them to file a tax return.) A family is defined as the person who files taxes as head of household and all the dependents claimed on that person's taxes. If you don't pay taxes, you can still qualify for free or low-cost insurance through Medi-Cal.

** Families that include unlawfully present immigrants can apply. You can apply for your child even if you are not eligible for coverage.
