Enrolling in quality health coverage

Step two:

Explore your coverage options

Covered California offers four levels of coverage: Bronze, Silver, Gold and Platinum. Insurance companies pay a portion of covered services, and the benefits offered within each level are the same no matter which insurance company you choose.

- **Choose Platinum or Gold** and you'll pay a higher monthly premium, but you'll pay less for medical services.
- **Choose Silver or Bronze** and you'll pay a lower monthly premium, but you'll pay more for medical services.
- **A minimum coverage plan** is available to those under 30 or those who can prove financial hardship.

Enrolling in quality health coverage

Step three:

What you need to enroll

The following is needed for every household member who is applying for coverage:

- Proof of current household income*
- Birth date
- California ID or driver's license for adults
- Home ZIP Code
- U.S. passport, legal resident card, certificate of citizenship or naturalization document**
- Social Security number or Individual Taxpayer Identification number

The Affordable Care Act (ACA)

As part of the ACA, Covered California is a program where most legal residents of California and their families can compare quality health plans and choose the one that works best for their health needs and budget. The law requires that:

- Preexisting health conditions cannot prevent someone from being covered.
- Your plan cannot be canceled because you are sick or injured.
- Young adults can be covered under their parents' plan until the age of 26.
- All plans include free preventive care.

Am I required to have health insurance?

Most people are required by law to have health insurance or pay a tax penalty. In 2017, the penalty is \$695/adult, \$347.50/child under 18 (up to \$2,085/family) or at least 2.5% of your annual household income, whichever is higher.

The ABCs of HMOs, PPOs and EPOs

Most insurance companies offer three types of plans:

HMOs

Health Maintenance Organizations only cover medical services inside the plan's network. HMOs often require members to get a referral from their primary care doctor to see a specialist.

PPOs

Preferred Provider Organizations pay for medical services both inside and outside the plan's network, but members pay a higher amount of the cost for out-of-network care. No referral is required to see a specialist.

EPOs

Exclusive Provider Organizations generally don't cover care outside the plan's network, but members may not need a referral to see an in-network specialist.

It's important to note that not all HMOs, PPOs and EPOs are the same. Before choosing a plan, use the Shop and Compare tool at CoveredCA.com to get details like what doctors and hospitals are covered and what it will cost to see a doctor out-of-network.

* Proof of current income of all members in the tax household, such as a recent tax return, W-2, or pay stub. A dependent's income should only be included if their income level requires them to file a tax return. A household is defined as the person who files taxes as head of household and all the dependents claimed on that person's taxes. If you don't file taxes, you can still qualify for free or low-cost insurance through Medi-Cal.

** You can apply for your child even if you are not eligible. Households that include members who are not lawfully present can also apply.
