TELL US A LITTLE BIT ABOUT YOURSELF.

The information you give us will help determine if which health coverage is right for you. You may qualify for help to lower your health care costs.

Answer these questions to find out if you qualify for help to lower your health care costs.

Coverage Year:

Questions

What is your Zip Code? *

What is your total household income per year? *

How many people are in your household? *

Enter the age of each person in your household, and tell us if they need coverage

Age of Head of Household * Needs Coverage?

Age of Person 2 * Needs Coverage?

Age of Person 3 * Needs Coverage?

Is anyone in your household pregnant? * Yes No

Is anyone in your household blind or disabled? * Yes No

****Note:** For the most accurate results, check only members that need coverage.

*****Note:** If the household has an income within 139%-322% of the [Federal Poverty Level](#), the box adjacent to the dependent needs to be unchecked. This is done to manually exclude that household member from the Advance Premium Tax credit estimate and the base premium quote for each of the Qualified Health Plan options on subsequent pages because they will be Medi-Cal eligible.

- Is anyone in your household pregnant?
- Is anyone in your household disabled?

- 5) Select **See My Results**
- 6) A pop-up appears reminding the consumer it isn't a comprehensive application and will only quickly tell them if they qualify and give some general recommendations. The consumer would need to apply to get accurate results based on a completed application.
 - After reading the pop up, select **Continue**

- 7) To preview possible plans, select **Preview Plans** in the middle of the page
 - **Note: Apply Now** will prompt to Begin Application page
- 8) Tell Us About Your Health Care Needs
 - To narrow their search, select radio buttons which apply to the consumer. When completed, select the **View Plans** button.
 - To skip, select the button **Skip To View Plans**
