1. INTRODUCTION

1.1 Overview

Potential Proposers are invited to review and respond to this Request for Proposal (RFP). By submitting a proposal, the Proposer organization agrees to the terms and conditions stated in this RFP.

Potential Proposers should carefully read this document and all attachments in their entirety, as they may contain binding provisions that affect the rights and obligations of Proposer organizations. Proposers must comply with the instructions contained in this document. Proposals for this RFP must be submitted to the Covered California contact designated in Section 1.3 below.

1.2 Purpose

The purpose of this Request for Proposal (RFP) 2024-15 is to solicit proposals from qualified public communications agencies to serve as the Agency of Record (AOR) for Covered California, and provide multi-segment, integrated public relations and communications services, including developing and executing holistic, local, statewide, and national public relations campaigns in multiple languages to promote Covered California and maximize the number of Californians enrolled in health insurance.

The selected Contractor is expected to create annual regional, statewide and national public media relations campaigns to support open enrollment, special enrollment and other enrollment opportunities that may arise as a result of regulatory, or policy changes as outlined in the Scope of Work (SOW), Exhibit A. These campaigns shall build upon the strengths and strategies of the current work while introducing fresh, innovative ideas that will deliver best-in-class public relations and strategic communications campaigns for Covered California. The selected Contractor must be able to deliver integrated account management services, insightful strategic planning, powerful creative solutions, and effective earned media approach for both general and ethnic media that will increase visibility, awareness and brand trust, and educate and motivate Californians to enroll in and maintain health insurance.

1.3 Background

Soon after the passage of national health care reform through the Patient Protection and Affordable Care Act of 2010 (ACA), California became the first state to enact legislation to establish a qualified health benefit exchange, also known as Covered California. The California state law is referred to as the California Patient Protection and Affordable Care Act. (CA-ACA).

The mission of the California Health Benefit Exchange (also known as, and hereafter referred to by its brand name, Covered California) is to increase the number of insured Californians, improve health care quality, lower costs, and reduce health disparities through an innovative, competitive marketplace that empowers consumers to choose the health plan and providers that give them the best value.

Covered California recognized from its inception the enormity of the task of educating, reaching, and enrolling the millions of Californians eligible for coverage and premium assistance under the Affordable Care Act. Given the diversity of the state, Covered California's PR, marketing, outreach, and education efforts have been anchored in and responsive to California's cultural and regional diversity. Effective PR, marketing and outreach efforts have contributed to Covered California's success in enrolling Californians in health insurance and thereby reducing the uninsured rate. Since Covered California's first open-enrollment period in 2013, federal data shows that California's uninsured rate fell from 17.2 percent to a record low 6.5 percent in 2022, which is the largest percentage point drop for any state in the nation over the same period.

The state of California continues its legacy of building upon and strengthening the Affordable Care Act. The Fiscal Year (FY) 2023-24 budget package passed by the state Legislature and enacted by the governor appropriated \$82.5 million of the Health Care Affordability Reserve Fund (HCARF) to Covered California to support a program of financial assistance for coverage year 2024 that reduced out-of-pocket health care costs for over 600,000 enrollees. Per the budget agreement, funding for the program will increase to \$165 million starting in coverage year 2025. California also enacted a state-based individual mandate beginning in 2020 requiring Californians to have health insurance. These state-based initiatives are designed to help expand health insurance and affordability to qualified consumers.

Covered California is an independent public entity within California state government. It is governed by a five (5)-member board appointed by the governor and Legislature.

Please reference the RFP number in all communications. Phone calls will not be accepted.

1.6 Contract Term

The initial term of the contract shall be for three (3) years and one (1) month, from June 9, 2025, to June 30, 2028; however, the contract term is subject to change and may be amended. The resulting contract will be of no force or effect until signed by both parties. The contract term may change if Covered California makes an award earlier than expected or if Covered California cannot execute the agreement due to unforeseen delays. Performance shall not commence until a valid contract has been executed between the successful Proposer and Covered California. Covered California will not pay for any services performed prior to the execution of a valid contract.

1.7 Contract Amount

Proposal submissions shall not exceed \$10,500,000.00 in total proposed costs. Proposals that exceed this amount will not be considered for selection. It is expected that the approved funding for the contract will not exceed approximately \$3,500,000.00 per year for the term of the contract, including any extensions of the term.

Proposals that exceed this amount will not be considered for selection.

Funding is subject to annual budget approval by the Covered California Board of Directors. If full funding does not become available, Covered California may terminate or amend the contract to reflect reduced funding and reduced deliverables.

1.8 Contract Amendment

Covered California may, in its sole discretion, extend the term of the contract for three (3) one (1)-year terms. The total number of contract years shall not exceed six (6) years and one (1) month.

The parties may increase or decrease funding through an amendment but cannot exceed the amount or rates set by Contractor's proposal. Funding for options years may not be used in advance and may not exceed the funding amount set in the initial contract term unless authorized by the solicitation.

Any amendment will require Covered California's approval in accordance with its policies and procedures. An amendment may require a formal resolution from the Covered California Board of Directors before Covered California can execute it.

1.9 Proposers' Conference and Registration

Covered California will conduct a voluntary virtual Proposers' Conference on December 18, 2024 from 9:30 AM to 12:30 PM via webinar.

Prospective Proposers are strongly encouraged to participate but are not required to do so. The purpose of the conference is for Covered California to provide an overview of itself, discuss the RFP process, and give prospective Proposers an opportunity to ask questions about proposal preparation and submission before the due date.

To register for attendance at the Proposers' Conference, send a request to the email address provided in Section 1.5 by 4:30 PM on December 6, 2024. The prospective Proposer's organization name, name(s) of those attending, and contact information must be clearly identified. Webinar attendance information will be provided upon registration.

Remarks and explanations expressed during the Proposers' Conference shall not take precedence over the written provisions in the RFP documents and are not binding unless confirmed in writing by Covered California and posted on the website listed in Section 1.11 below.

1.10 RFP Questions

Prospective Proposers must submit any questions regarding this RFP by the due date and time specified in the Key Action Dates table in Section 1.4. Only questions sent to the email address provided in Section 1.5 will be accepted. Prospective Proposers must provide enough specific information to enable Covered California to identify and respond to their questions. When submitting questions, please reference the RFP number in the subject line.

Responses to questions received during the RFP Questions time period will be posted on the website at <http://hbex.coveredca.com/solicitations>. Proposers who fail to report a known or suspected problem with this RFP or who fail to seek clarification or correction of this RFP do so at their own risk.

In its sole discretion, Covered California may contact a prospective Proposer to seek clarification or additional information regarding any question received.

1.11 Submission of Proposals

1. Proposers' Cost: Costs for developing proposals and attending Proposers' Conferences are entirely and solely the responsibility of the Proposer and are not chargeable to Covered California.
2. Completion of Proposals: Proposers are required to be both responsive (fully compliant) and responsible (capable and qualified to perform work) relative to

the solicitation requirements. Proposals must be complete in all respects and contain all required items as described in the requirements established within this RFP, its attachments, and any written responses to questions or amendments posted by Covered California on its website. A proposal may be rejected by Covered California, in its sole discretion, if the proposal is conditional, incomplete, or irregular in any way. A proposal must be rejected by Covered California if any defect or irregularity constitutes a material deviation from the RFP requirements as determined by Covered California, in its sole discretion.

3. **False or Misleading Statements:** Proposals which contain false or misleading statements, or which provide references that do not support an attribute or condition claimed by the Proposer may be rejected. If, in the sole opinion of Covered California, such information was intended to mislead Covered California in its evaluation of the proposal or was included as a result of gross negligence attributable to the Proposer, and the attribute, condition, or capability is a requirement of this RFP, it shall be grounds for rejection of the proposal.
4. **Errors:** If a Proposer discovers any ambiguity, conflict, discrepancy, omission, or other error in this RFP, the Proposer shall immediately notify Covered California of such error by emailing the contact in Section 1.5 and shall request a modification or clarification of the RFP. Modifications or clarifications will be given by written notice posted on the website at <http://hbex.coveredca.com/solicitations> without divulging the source of the request for modification or clarification. Covered California shall not be responsible for a Proposer's failure to correct errors, nor for any Proposer's failure to regularly and timely check the website for changes.
5. **Importance of Meeting Deadlines:** Proposers are responsible and assume all risks for the delivery and receipt by Covered California of all proposal submissions prior to the submission deadline. The stated deadlines for submitting a proposal and all required materials for receipt by Covered California will be strictly enforced. Submissions that are incomplete or received after the stated deadline may not be accepted.
6. **Assessment of Proposals:** All proposals will be assessed based on the evaluation criteria as set forth in this RFP and at Covered California's sole discretion. The selection and contract award, if made, will be made to a single Proposer unless otherwise specified in this RFP. The Scope of Work (SOW) and the selected Proposer's proposal, including proposed cost, will be incorporated by reference into the resulting contract.

1.12 Format of Proposals

Proposers must submit a proposal package that contains all required attachments, documents, narrative responses, and Model Contract exhibits. Proposals must be submitted electronically via email to HBEXSolicitation@covered.ca.gov with "RFP 2024-15" in the subject line. Hard copy proposals will not be accepted and will be deemed non-responsive.

1. Electronic Signatures

Proposers may sign required attachments and documents electronically or with ink, so long as the attachments and documents are submitted in PDF format. Signatures must be provided by an authorized signatory who is authorized to contractually bind the Proposer organization.

2. Narrative Format

- a. Narrative portions of proposals should be prepared to provide a straightforward, concise delineation of the Proposer's capabilities to satisfy the requirements of this RFP. Emphasis should be on conformance with the RFP instructions, responsiveness to the RFP requirements, and completeness and clarity of content. Expensive bindings, colored displays, promotional materials, etc., are not necessary nor desired.
- b. Proposers must follow the format requirements listed below for all narrative portions of the proposal submission. Failure to do so may result in an entire proposal or affected section not being read or evaluated, at Covered California's sole discretion.
 - i. Use 8.5" x 11" pages in Microsoft Word with a Times New Roman, Arial, or Calibri font of at least 12-point size throughout unless a form is required by Covered California that contains a smaller font.
 - ii. Use one (1)-inch margins at the top, bottom, and sides.
 - iii. Sequentially number the pages in each section and clearly identify each section in the order requested. When a page limit is noted, pages exceeding the limit will not be reviewed or scored. It is not necessary to paginate the required forms.
 - iv. Place the Proposer organization's name in a header or footer on every page. If the Proposer's name is not already entered elsewhere on a completed certification or form, add it to a header, footer, or signature block.

3. Model Contract With Exhibits

All proposals must be based on and conform to the Model Contract provided with this solicitation. Proposers should review the Model Contract in its entirety prior to submitting a proposal. Proposers must submit as part of their proposals any changes or exceptions to the Model Contract that they wish to negotiate. However, extensive or significant changes or exceptions to the Model Contract may make the proposal non-responsive to the RFP if Covered California, in its sole discretion, determines that the proposed changes or exceptions materially change the contractual relationship between the parties. Proposer-suggested changes or exceptions to the Model Contract exhibits must be documented via tracked changes to the documents using Microsoft Word. All Model Contract changes or exceptions must be included in the proposal package at the time of submission. **No additional changes or exceptions may be presented during contract negotiations.** Covered California reserves the right to reject all changes and exceptions in the proposal package.

1.13 Covered California's Rights

1. Verification of Proposer Information

By submitting a proposal, the Proposer authorizes Covered California to do the following:

- a. Verify any and all claims made by the Proposer, including, but not limited to, verification of prior experience and possession of all other required qualifications; and
 - b. Check any and all references identified by the Proposer, or any other resource known or identified by Covered California, to confirm the Proposer's business integrity and history of providing effective, efficient, competent, and timely goods and/or services.
2. Covered California may, in its sole discretion, modify the RFP prior to the proposal submission deadline by the issuance of an addendum on the website listed at <http://hbex.coveredca.com/solicitations>.
 3. Covered California reserves the right to reject any proposal that does not satisfy the requirements set forth in this RFP. Before submitting a response to this RFP, prospective Proposers should review and correct all errors and confirm compliance with all RFP requirements.

1.14 Rejection of Proposals

1. Deviations may cause a proposal to be deemed non-responsive and to not be considered for award. Covered California may reject any or all proposals and/or may waive any immaterial deviation or defect in a proposal. Covered California's waiver of any immaterial deviation or defect shall in no way modify

the RFP documents or requirements and shall not excuse the Proposer from full compliance with the RFP specifications if awarded the contract.

2. Proposals that are not received by the date and time specified in Section 1.4 Key Action Dates will be maintained separately from proposals that have been timely received. Proposals received after the due date may only be considered upon written approval of Covered California's executive director or his/her designee specifying the reason(s) for acceptance and consideration of the untimely proposal.
3. Issuance of this RFP in no way constitutes a commitment by Covered California to award a contract. Covered California reserves the right to do the following:
 - a. Reject any or all proposals received in response to this RFP, or portions of proposals.
 - b. Amend or cancel this RFP at any time, after which Covered California may reissue the RFP at a later date.
 - c. Consider a Proposer's past contract performance with Covered California in its selection of a Proposer pursuant to this RFP.

4. Non-Responsive Proposals

A proposal may be deemed non-responsive and subsequently rejected if any of the following occur:

- a. The proposal is received after the exact time and date set forth in Section 1.4 Key Action Dates for receipt of each submission.
- b. The Proposer fails to meet one or more of the minimum qualifications specified in Section 2, Project Team.
- c. The Proposer fails to submit or fails to complete and sign any required attachments as instructed in this RFP.
- d. The proposal contains false, inaccurate, or misleading statements or references.
- e. The Proposer is unwilling or unable to fully comply with Covered California's proposed contract provisions.
- f. The Proposer supplies conditional cost information, incomplete cost information, or cost information containing unsigned/uninitiated alterations or irregularities.

5. Business in Good Standing

Proposer acknowledges that when agreements are to be performed in the state of California by corporations or vendors, Covered California will verify, prior to awarding any State contract, the following information in order to ensure that all obligations due to the State are fulfilled:

a. Corporation in Good Standing

As required by California law, Proposer organizations must be in good standing and qualified to do business in California at the time of submitting a proposal and, if selected by Covered California, during the entire term of the contract. If the Proposer organization is incorporated, the Proposer's status with the California Secretary of State (SOS) must be Active; a status of Cancelled or Suspended will cause the Proposer to be deemed non-responsive. This requirement does not apply to sole proprietors and general partnerships. Unless otherwise specified, the Proposer shall not submit copies of its organization's bylaws or Articles of Incorporation.

"Doing business" is defined in California Revenue and Taxation Code section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. Although there are some statutory exceptions to taxation, rarely will a corporate contractor performing within the State not be subject to the franchise tax.

Both domestic and foreign (those incorporated outside of California) corporations must be in good standing in order to be qualified to do business in California.

b. State Tax Delinquency

Covered California will verify with the California Franchise Tax Board (FTB) and California Department of Tax and Fee Administration (CDTFA) that the Proposer is not on a prohibited list due to tax delinquencies. The Proposal will be considered non-responsive if the Proposer is on any of these lists.

The list established by FTB can be found at:
<https://www.ftb.ca.gov/about-ftb/newsroom/top-500-past-due-balances/corporate-income-tax-list.html>.

The list established by CDTFA can be found at:
<https://www.cdtfa.ca.gov/taxes-and-fees/top500.htm>.

6. Executive Order N-6-22: Russia Sanctions

On March 4, 2022, Gov. Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any

sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of economic sanctions. Should Covered California determine Contractor is a target of economic sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection of the Contractor's bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by Covered California.

1.15 Proprietary Information and Confidential Status of Responses

Any documentation submitted which has been marked "proprietary" or "trade secrets" may be rejected. All proposals and evaluation documents are confidential and will not be available for public inspection pursuant to Government Code Section 100508(a)(1).

1.16 Errors in Proposals

An error in a proposal may cause the rejection of that proposal; however, Covered California may, at its sole discretion, retain the proposal and make certain corrections. In determining if a correction will be made, Covered California will consider the conformance of the proposal to the format and content required by this RFP and any unusual complexity of the format and content required by this RFP.

1. If the Proposer's intent, as determined by Covered California, is clearly established based on its review of the complete proposal submission, Covered California may, at its sole discretion, correct an error based on that established intent.
2. Covered California may, at its sole discretion, correct obvious clerical errors.
3. A Proposer may modify a proposal after submission by withdrawing its original proposal and resubmitting a new one as long as it is received prior to the proposal submission deadline. Modifications offered by a Proposer in any other manner, oral or written, will not be considered.
4. A Proposer may withdraw its proposal by submitting a written withdrawal request to Covered California, signed by the Proposer or an authorized agent. Proposals may not be withdrawn subsequent to the proposal submission deadline without cause.
5. No oral understanding or contract shall be binding on either party.

Covered California reserves the right to contact any Proposer at any stage of the solicitation process to collect additional clarifying information, if deemed necessary and appropriate by Covered California.

1.17 Notice of Intent to Award

A Notice of intent to Award identifying the selected Contractor will be posted on the website at <http://hbex.coveredca.com/solicitations>. All finalists who participated in the final stage will be notified by email regarding the contract award decision.

1.18 Protest

Any protest properly submitted within five (5) business days of the posting of the Notice of Intent to Award will be considered. All protests will be reviewed and decided by the Executive Director or his/her designee. The following protest procedures shall be followed:

1. General

An unsuccessful Proposer may protest the intended award to another Proposer by following the terms and conditions outlined below. The protester challenging Covered California's intended award bears the burden of proof.

2. Grounds

Protester must cite the specific grounds for the protest and provide all facts and citations of law sufficient to support the protest and enable the Executive Director or his/her designee to make an informed, proper decision. Covered California will determine, in its sole discretion, if the protester has demonstrated sufficient grounds to allow the protest to be heard. Abuse of the protest process by unsuccessful Proposers for the purpose of securing confidential information about other Proposers will be rejected by Covered California. The sole grounds for a protest are:

- a. Protester reasonably believes that Covered California has acted in an arbitrary and capricious manner; and/or
- b. Protester reasonably believes that Covered California committed an error in the proposal process as stated in the solicitation that is sufficiently material to justify invalidation of the intended award.

There shall be no basis for protest if Covered California rejects all proposals.

3. Requirements for Protest

Protests must be submitted in writing, signed by an individual who is authorized to contractually bind the Proposer, and include all grounds and supporting facts and evidence upon which the protest is based, as well as all citations of law, rule, regulation or procedure upon which the protester relies. Protests must be delivered to Covered California at the address indicated below by certified or

registered mail or in person, in which case the protester should obtain a delivery receipt. Protests must be *received* by Covered California no later than the close of business five (5) business days after the Notice of Intent to Award has been posted.

Protests must be emailed to HBEXSolicitation@covered.ca.gov with "PROTEST FOR RFP 2024-15" in the subject line.

The Executive Director's or his/her designee's decision shall be final.

4. Terms of Protest

Scoring documents, evaluation and selection documents, other Proposers' submissions, or any other record created during the review of proposals submitted in response to this RFP are not public records and are exempt from disclosure as public records pursuant to Government Code section 100508(a).

A protester who has demonstrated a legitimate ground for protest as described above may be provided limited access to certain relevant, non-public information regarding the RFP and Covered California's consideration of submissions in response to the RFP upon the protester's execution of a Non-Disclosure Agreement provided by Covered California and the approval of Covered California's General Counsel or his/her designee. Trade secret, proprietary, and confidential information will be redacted from any documents disclosed to protester as part of the protest process.

1.19 Disposition of Proposals

Upon proposal opening, all documents submitted in response to this RFP become the property of the State of California.

1.20 Contract Execution and Performance

Covered California will confirm the contract award to the winning Proposer after the protest deadline if no protests are filed or following the resolution of all protests.

Covered California reserves the right to adjust the language in the contract awarded from this solicitation. Therefore, final executed contract language may deviate from the provisions provided. If an inconsistency or conflict arises between the terms and conditions appearing in the final contract and the proposed terms and conditions appearing in the solicitation, any inconsistency or conflict will be resolved by giving precedence to the final contract.

Performance shall begin no later than the date set forth in this RFP by Covered California and after the contract is fully executed, unless a later date is mutually agreed upon by Covered California and the Contractor. Notwithstanding any other provision, should the Contractor fail to commence work on the agreed date and

time, Covered California reserves the right to terminate the contract upon five (5) business days written notice to the Contractor. In such an event, the Contractor shall be liable to Covered California for the difference between the Contractor's cost proposal and, if greater, the actual cost of performing the work by a replacement contractor.

All performance under the contract shall be completed before the termination date of the contract unless an earlier date is specified in the contract.

1.21 Subsequent Solicitation

If at any time during the negotiation of a contract with the successful Proposer, Covered California determines it is not able to reach an agreement with the successful Proposer, Covered California may, in its sole discretion, terminate the negotiations and engage the next highest-scored Proposer without performing a subsequent solicitation.

1.22 Addition or Subtraction of Services

Notwithstanding that proposals have been submitted, at Covered California's sole discretion, the SOW may be modified prior to contract award to add or remove services through an addendum. If the date and time for submission of proposals has passed as of the time the addendum is posted and proposals have been received, Covered California, in its sole discretion, may restrict responses to the modified SOW so that only entities that submitted timely proposals in response to the initial RFP may respond to the addendum.

1.23 News Releases and Social Media

By submitting a proposal, Proposers and the selected Contractor agree that they will not issue news releases nor make statements to the news media or through social media channels pertaining to this RFP, their proposals, the contract, or work resulting therefrom, without first obtaining prior approval from Covered California.

2. PROPOSER AND THEIR TEAM

Covered California seeks a public relations agency with experience and knowledge of the process outlined in this RFP and the Model Contract Exhibit A – Scope of Work. Proposers must demonstrate that the project team members who will be assigned to the project possess the experience, education, knowledge, and skills required to perform the work described in this RFP.

2.1 Reassignment of Personnel

1. The Contractor shall not reassign nor substitute personnel assigned to the contract during the contract term without prior written approval of Covered

California. If a Contractor employee is unable to perform duties due to illness, resignation, or other factors beyond the Contractor's control, the Contractor shall make every reasonable effort to provide suitable substitute personnel.

2. Substitute personnel shall not automatically receive the hourly rate of the individual or position being replaced. Covered California and the Contractor shall negotiate the hourly rate of any substitute personnel to the contract. The hourly rate negotiated shall be dependent, in part, on the experience and individual skills of the proposed substitute personnel; however, the negotiated rate shall not exceed the hourly rate stated in the contract.
3. Covered California reserves the right to require a Contractor employee to be removed from performing any work on the contract and on written notice to the Contractor, the Contractor shall assign an acceptable substitute employee.

2.2 Ethnic Partners/Subcontractors

Given the rich diversity of California, it is anticipated the successful Proposer will most likely need to subcontract with one or more agencies with demonstrated knowledge, experience, and ethnic media capacity to effectively reach targeted communities. Covered California also realizes that many public relations agencies rely on ethnic media partners to offer cost-competitive pricing for clients. (Note: Proposers will not be advantaged or disadvantaged for the use of ethnic media partners for ethnic media outreach services.)

1. If the Proposer does not have the ethnic media full-service capabilities to effectively accomplish all components of the SOW, they are required to identify proposed subcontractors. Each proposed subcontractor must complete and sign either the "Proposed Subcontractor – Agency Fact Sheet" (Attachment 5) to be included in the Proposer's Stage 1 submission.
2. Covered California reserves the right to deny any or all proposed subcontractors of the selected Contractor. Posting the "Notice of Intent to Award" does not imply Covered California's approval of proposed ethnic partners or subcontractors.
3. The financial records will be scored on a pass/fail basis. The determination of whether the financial records pass, or fail is at Covered California’s sole discretion. If Covered California determines that a Proposer’s financial records must receive a

failing score, Covered California may provide the reasoning for its decision and, if necessary, offer the Proposer an opportunity to cure any defects to the extent such defects can be cured before any applicable deadlines. If the defect cannot be cured, the Proposer will be eliminated from contention.

Of the 100 points possible, Oral Presentation will comprise 60% of the Stage 3 points and the Cost Proposal will comprise 40% of the available points.

5.4.1 Evaluation Criteria for Stage 3 – Oral Presentation and Financial Package

Stage 3 evaluation criteria will be provided to Proposers participating in Stage 3.

- d. Is responsible, with respect to products, inventories, materials, and supplies required for the contract, for negotiating price, determining quality and quantity, ordering, installing, if applicable, and making payment; and
- e. Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted under normal industry practices.

A contractor, subcontractor, or supplier will not be considered to perform a CUF if the contractor's, subcontractor's or supplier's role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of DVBE participation.

Proposers understand and agree that, if this Agreement is awarded based in part on their commitment to use a DVBE subcontractor(s) identified in their proposal, then a DVBE subcontractor may only be replaced by another DVBE subcontractor and must be approved by Covered California. This is required by Section 999.5(e) of the Military and Veterans Code. Changes to the Scope of Work that impact the DVBE subcontractor(s) identified in the proposal and approved DVBE substitutions shall be documented by an amendment to the Agreement.

Failure of the Contractor to seek substitution and adhere to the DVBE participation level identified in the proposal may be cause for contract termination, recovery of damages under rights and remedies due to Covered California, and penalties as outlined in Section 999.9 of the Military and Veterans Code.

6.1 How the Preferences and Incentives Work

After Covered California has evaluated and scored each responsive proposal, Proposers who are eligible for a preference and/or incentive program will receive additional points. A Proposer may be eligible to receive more than one preference or incentive. After all applicable preferences and incentives have been applied, the Proposer with the highest score will be selected for the contract award. The following example demonstrates how the preferences and incentives can affect Proposer rankings based on highest score.

In this example, Proposers A, B, and C were assessed to be both responsive and responsible. Based on Covered California's evaluation, Proposer A, a non-SB with no committed subcontractors, is initially ranked 1st with 940 points; Proposer B, a certified SB, is ranked 2nd with 915 points; and Proposer C, a certified DVBE and a certified SB, is ranked 3rd with 895 points. Proposers B and C both receive a 5% SB preference of 47 points, which is calculated by multiplying Proposer A's score of 940 by 0.05. Proposer C also receives a 5% DVBE incentive of 50 points, which is calculated by multiplying the maximum possible score of 1,000 by 0.05. As a result, Proposer A is now ranked 3rd with 940 points; Proposer B is now ranked 2nd with 962 points; and Proposer C is now ranked 1st with 992 points and will be awarded the contract. The table below summarizes the application of the preferences and incentives.

	Proposer A	Proposer B	Proposer C
Evaluated Total Score	940	915	895
Initial Ranking	1 st	2 nd	3 rd
Certified SB (5% Preference)	No	Yes	Yes
Certified SB Preference Points	0	47	47

25% SB Subcontractor Participation (5% Preference)	No	N/A	N/A
25% SB Subcontractor Participation Preference Points	0	N/A	N/A
Certified DVBE (5% Incentive)	No	No	Yes
Certified DVBE Incentive Points	0	0	50
DVBE Subcontractor Participation (5% Incentive maximum)	No	No	N/A
DVBE Subcontractor Participation Incentive Points	0	0	N/A
Adjusted Total Score	940	962	992
Final Ranking	3 rd	2 nd	1 st

6.2 Small Business Preference

A five percent (5%) scoring preference is available to SB and MB Proposers who are certified by DGS OSDS. To be eligible for the preference, a Proposer must meet one (1) of the following criteria:

- i. Currently certified by DGS OSDS as a SB or MB; or
- ii. Applied for a DGS OSDS SB or MB certification by 5:00 p.m. on the proposal due date and was certified before the Notice of Intent to Award date in Section 1.2 above.

If the Proposer is currently certified, a copy of the certificate or the approval letter from DGS OSDS must be included in the proposal submission.

When a non-SB Proposer earns the highest evaluated score, the SB preference increases the score of SB and MB Proposers by adding five percent (5%) of the points earned by that non-SB Proposer. Note: If there is a tie for the highest score between a certified SB or MB Proposer and a certified DVBE Proposer that is also a SB or MB, the contract shall be awarded to the DVBE Proposer; if there is a tie for the highest score between a certified SB Proposer and a certified DVBE Proposer, the contract shall be awarded pursuant to Government Code Section 14838.

If a Proposer is eligible for the preference program and wishes to take advantage of it, the Bidder Declaration (GSPD-05-105) form (Attachment 13) must be completed accordingly and included in the proposal submission.

6.3 Disabled Veteran Business Enterprise Incentive

A five percent (5%) scoring preference is available to DVBE Proposers who are certified by DGS OSDS. To be eligible for the preference, a Proposer must meet one (1) of the following criteria:

- i. Currently certified by DGS OSDS as a DVBE; or
- ii. Applied for a DGS OSDS DVBE certification by 5:00 p.m. on the proposal due date and was certified before the Notice of Intent to Award date in Section 1.4 above.

If the Proposer is currently certified, a copy of the certificate or the approval letter from DGS OSDS must be included in the proposal submission.

The DVBE incentive increases the score of a DVBE Proposer by adding five percent (5%) of the total points available, including cost proposal points. Note: If there is a tie for the highest score between a certified SB Proposer and a certified DVBE Proposer, the contract shall be awarded pursuant to Government Code Section 14838.

If a Proposer is eligible for the incentive program and wishes to take advantage of it, the Disabled Veteran Business Enterprise Declarations (STD. 843) form (Attachment 15) must be completed accordingly and included in the proposal submission.

6.4 Programs for Non-Small Businesses with Subcontractors

This RFP does not require Proposers to meet a minimum SB, MB, or DVBE participation percentage or goal. Participation in these programs is optional. However, if non-SB Proposers use subcontractors, they are encouraged to subcontract with SBs, MBs, and DVBEs.

6.4.1 Small Business Subcontractor Preference

A five percent (5%) scoring preference is available to non-SB Proposers committing to twenty-five percent (25%) participation by SB and/or MB subcontractors that are certified by DGS OSDS. To be eligible for the preference, a non-SB Proposer must list the certified SB(s) and/or MB(s) that will be subcontracted if the Proposer is selected for the contract award, and the total value of the SB and MB subcontracts must be at least twenty-five percent (25%) of the total cost proposal. Each SB or MB subcontractor listed must meet one of the following criteria:

- i. Currently certified by DGS OSDS as a SB or MB; or
- ii. Applied for a DGS OSDS SB or MB certification by 5:00 p.m. on the proposal due date and was certified before the Notice of Intent to Award date in Section 1.4 above.

If the subcontractor is currently certified, a copy of the certificate or the approval letter from DGS OSDS must be included in the proposal submission.

When a non-SB Proposer earns the highest evaluated score, the SB subcontractor preference increases the score of an eligible non-SB Proposer by adding five percent (5%) of the points earned by the non-SB Proposer with the highest score. Note: Application of the SB subcontractor preference shall not remove the contract award from a certified SB or MB Proposer in favor of a non-SB Proposer.

If a subcontractor is eligible for the preference program and the non-SB Proposer wishes to take advantage it, the Proposer must complete the Bidder Declaration (GSPD-05-105) form (Attachment 13) accordingly and include it in the proposal submission.

6.4.2 Disabled Veteran Business Enterprise Subcontractor Preference

A scoring incentive of up to five percent (5%) is available to non-DVBE Proposers committing to a percentage of participation by DVBE subcontractors that are certified by DGS OSDS. The participation incentive amounts are shown in the table below.

Committed DVBE Participation	DVBE Incentive Amount
5% or more	5% (maximum)
4% to 4.99%	4%
3% to 3.99%	3%
2% to 2.99%	2%
1% to 1.99%	1%

To be eligible for the incentive, a non-DVBE Proposer must list the certified DVBE(s) that will be subcontracted if the Proposer is selected for the contract award, and the total value of the DVBE subcontracts must be at least one percent (1%) of the total cost proposal. Each DVBE subcontractor listed must meet one (1) of the following criteria:

- i. Currently certified by DGS OSDS as a DVBE; or
- ii. Applied for a DGS OSDS DVBE certification by 5:00 p.m. on the proposal due date and was certified before the Notice of Intent to Award date in Section 1.2 above.

If the subcontractor is currently certified, a copy of the certificate or the approval letter from DGS OSDS must be included in the proposal submission.

The DVBE subcontractor incentive increases the score of an eligible non-DVBE Proposer by adding between one and five percent (1%-5%) of the total points available, including cost proposal points. Note: Application of the DVBE subcontractor preference shall not remove the contract award from a certified DVBE Proposer in favor of a non-DVBE Proposer.

If a subcontractor is eligible for the incentive program and the non-DVBE Proposer wishes to take advantage of it, the Proposer must complete the *Disabled Veteran Business Enterprise Declarations (STD. 843)* form (Attachment 15) accordingly and include it in the proposal submission.
