Part § 155 et seq.;

C. In connection with the evaluation of the responses to the Application received from dental plan issuers, Covered California is required: (i) to evaluate the proposed QDP Issuer’s compliance with requirements imposed under the Application, and (ii) to give greater consideration to potential QDP Issuers that further the mission of Covered California by promoting, among other items, the following: (1) affordability for the consumer and small employer – both in premiums and at point of care, (2) “value” competition based upon quality, service, and price, (3) competition based upon meaningful QDP choice and ability to demonstrate product differentiation: Patient-Centered Benefit Designs, (4) competition throughout the State, (5) alignment with Providers and delivery systems that serve the low-income population, (6) delivery system improvement, effective prevention programs and payment reform, (7) administrative capability and financial solvency, and (8) robust customer service;

D. Contractor is a dental plan issuer authorized to provide Specialized Health Care Covered Services to Enrollees under applicable laws, rules and regulations pursuant to: (i) a certificate of authority issued by the California Department of Insurance (“CDI”) under § 699 et seq. of the California Insurance Code, or (ii) a license issued by the Department of Managed Health Care (“DMHC”) pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (§ 1340 et seq. of the California Health and Safety Code). Agents also provide Help On-Demand to Consumers, including outside of standard business hours.

3.1.2 Certification and Consumer Protection Standards

Contractor shall maintain timely compliance with standards required for certification that are issued, adopted, or recognized by Covered California to demonstrate that each dental plan it offers in Covered California qualifies as a QDP.

- (a) Contractor and Covered California recognize that several of the market reforms in the Affordable Care Act do not apply to QDPs. For Contractor's QDPs sold inside Covered California, the Contractor agrees to comply with the following provisions:
- (i) Prohibition of preexisting conditions or other discrimination based on health status pursuant to 42 U.S.C. § 300gg-3, California Health and Safety Code § 1357.51, and California Insurance Code § 10198.7;
 - (ii) Fair health insurance premiums pursuant to 42 U.S.C. § 300gg, California Health and Safety Code § 1357.512(a), and California Insurance Code § 10753.14;
 - (iii) Guaranteed availability of coverage pursuant to 42 U.S.C. § 300gg-1, California Health and Safety Code § 1399.849(g), and California Insurance Code § 10965.3(g);
 - (iv) Guaranteed renewability of coverage pursuant to 42 U.S.C. § 300gg-2, California Health and Safety Code § 1389.7(a), and California Insurance Code § 10119.2(a);

3.1.3 Plan Naming Conventions

Contractor must adhere to Covered California's Plan Naming Conventions on all State Regulators plan filings, marketing material, Enrollee materials, and SERFF submissions for on-exchange plans and individual and small group stand-alone dental products.

Covered California's Plan Naming Conventions are referenced each year during the Certification Application process in the "Covered California Plan Naming Conventions Memo."

3.1.4 Operational Requirements and Liquidated Damages

The timely and accurate submission of Contractor's QDP filings and documents to Covered California for upload into CalHEERS is critical to the successful launch of each Renewal and Open Enrollment Period. When submissions are late or inaccurate, Covered California suffers financial harm with each resubmission and such actions put the Renewal and Open Enrollment process at risk. The parties agree that the liquidated damages below are proportional to the damages Covered California incurs from each respective error made by Contractor. Therefore, Contractor agrees to meet the following operational requirements:

(a) SERFF Template Completion

Contractor must submit complete and accurate SERFF Templates to Covered California beginning with submissions for the 2017 Plan Year, and each year thereafter. Covered California will participate in two rounds of validation with the Contractor. Contractor agrees to pay liquidated damages in the amount of \$5,000 for each additional round of validation beyond the first two rounds. Changes to any or all of Contractor's SERFF Templates counts as one round of validation. If instructions provided by Covered California include inaccurate information which necessitates an additional round of validation, or an additional round of validation is necessary due to required changes by Covered California or Contractor's State Regulators, those rounds of validation will not be counted in the two rounds of validations.

(b) CalHEERS Test and Load Deadlines

Contractor must participate in CalHEERS testing and provide certification of plan data and documents in the CalHEERS pre-production environment. The pre-production environment is the test environment where the parties can validate templates and documents prior to the Renewal and Open Enrollment Periods. Following Contractor's certification of the QDPs in the pre-production environment, any subsequent upload required to correct Contractor's errors in the production environment will result in liquidated damages in the amount of \$25,000, beginning with uploads for the 2017 Plan Year, and each year thereafter. One upload, for purposes of this paragraph, includes all plan data and documents that must be resubmitted to correct Contractor's errors including Summary of Benefits and Coverage, Evidence of Coverage documents. Liquidated damages will not apply to additional uploads resulting from errors in

the instructions provided by Covered California, or changes required by Covered California or Contractor's regulator.

If liquidated damages are applied by Covered California under this section then no other remedies under Section 7.2.4 will apply to the Contractor for that same or any related action.

(c) Deadlines for Regulatory Approval

Covered California reserves the right to require that the Contractor receive regulatory approval for Licensure, products, Summary of Benefits and Coverage/Evidence of Coverage documents, policy documents, Network, and Service Area prior to participating in the CalHEERS pre-production environment.

(d) Communication with Plan Manager and Covered California

Contractor shall notify Covered California in a timely manner of any system or operational changes which impact Covered California, Covered California Enrollees, or the CalHEERS system. This shall include the following:

- i. Contractor shall provide advance notification prior to any system change as soon as practicable but no later than the following:

 4. Contractor shall avoid making any system changes that may impact CalHEERS thirty (30) Days prior to and during each Renewal and Open Enrollment Period.
 - a. Contractor shall provide at least thirty (30) Days advance notification, or immediately upon Contractor's knowledge if knowledge is acquired less than thirty (30) Days prior, for Covered California approval prior to any unplanned activity or system change needed to resolve any critical issue occurring in Contractor's production system during the Renewal and Open Enrollment Period.

- ii. Contractor shall provide at least thirty (30) Days advance notification, or immediately upon Contractor's knowledge if knowledge is acquired less than thirty (30) Days prior to any operational change being made. Examples of operational changes include: the closing of a call center, reducing call center hours, or relocating an existing call center to another location.
 - 1. Contractor shall avoid making any operational changes to its call center thirty (30) Days prior to and during the Renewal and Open Enrollment Period.

Technical documentation includes Contractor's system lifecycle and release schedules, testing plan, system specification documents related to Contractor's integration and interface with the CalHEERS system, or other technical documentation as requested by Covered California.

Contractor shall not re-set a family's out-of-pocket accumulation, or family deductible accumulation if applicable, for family members for whom there is no break in coverage in a plan year, regardless of change in Subscriber. All out-of-pocket costs paid by enrolled family members enrolled in the plan year shall be counted in the accumulation to the family's out-of-pocket maximum for that plan year.

3.2.4 Offerings outside of Covered California

- (a) Contractor acknowledges and agrees that QDPs bundled with Qualified Health Plans and substantially similar plans offered by Contractor outside Covered California must be offered at the same rate whether offered inside Covered California or whether the plan is offered outside Covered California directly from the Contractor or through an Agent as required under State and Federal law.

If the Term of this Agreement is longer than one year and Contractor’s QDPs are certified for another year, the Monthly Rates for each subsequent year of the Agreement will be established no more frequently than annually during the Certification Process and in accordance with the procedures set forth at and Section 3.5.
- (c) Collection and Remittance. Contractor understands that Contractor is responsible for collection and the Covered California Enrollee is responsible for remittance of the agreed-upon premium rates to Contractor in a timely manner. Contractor understands that individual Covered California Enrollees will remit their monthly premium payments directly to Contractor, and Covered California will not aggregate premiums. The failure by a Covered California Enrollee to timely pay premiums may result in a termination of coverage pursuant to the terms set forth at Sections 2.2.4 and 2.3.4. Contractor further understands that the premium payment collected by Contractor includes amounts allocated to the Participation Fee due to Covered California. The Participation Fees shall be billed by Covered California to Contractor and payable by Contractor to Covered California in accordance with the requirements set forth at Section 5.1.3.

5.1.2 Financial Consequences of Non-Payment of Premium

- (c) The Participation Fee payable to Covered California during each month of this Agreement shall be equal to three point twenty-five (3.25) percent of the gross premium attributable to each Covered California Enrollee in Contractor's QDPs for such month. The Participation Fee will be assessed by Covered California and payable monthly by Contractor based on Covered California's gross premium records attributable to effectuated Covered California Enrollees in Contractor's QDPs sold through Covered California for the Individual Market for 2017-2023.

The Participation Fee will be reviewed each year as part of Covered California's annual budget process. Should Covered California need to record any positive or negative adjustments to enrollment activity for prior years, the Participation Fee

shall be calculated pursuant to the Contractor's Agreement that was in place during the applicable Plan Year or years.

- (d) Participation Fee invoices will be issued by Covered California to Contractor on the 15th of the month. Contractor's Participation Fee obligation will be determined and billed by evaluating Contractor's then-current QDP effectuated enrollment and may be subject to additions, terminations and cancellations of enrollment). Covered California may reduce Contractor's Participation Fee in specified months as a result of such changes in enrollment. In situations where Covered California has previously authorized and agreed to reimburse Contractor in writing for specified activities, such as additional marketing activities, Covered California may also reduce Participation Fee to offset Contractor's expenses. Participation Fee payments will be due fifteen (15) Days from the date the invoice is emailed to Contractor. For invoices paid after fifteen (15) Days from the date the invoice is emailed, Contractor may be assessed a 1% per month late fee on the unpaid balance as of that date. Covered California, in its sole discretion, may assess the late fee for any month that Contractor fails to make the payment by the due date. Participation Fee payments will be applied to the oldest outstanding invoice or overall balance, including prior month late fees, whichever is greater.
- (e) In the event that Contractor disputes the amount of Participation Fees billed or deducted by Covered California, Contractor shall submit a written notice of such dispute to Covered California within thirty (30) Days following receipt of such bill or deduction by Covered California. Contractor's notice will document the nature of the discrepancies, including, reconciliation of any differences identified by Contractor in enrollment or premiums collected. If the Contractor still disputes the findings of Covered California, Contractor may pursue additional remedies in accordance with Section 12.1.
- (f) Subject to the provisions of Section 10.5, Contractor agrees to a periodic audit or other examination by Covered California or its designee regarding the computation and payment of Participation Fees. In the case of material non-compliance with Participation Fee payments, Contractor shall implement any necessary corrective action. - (d) Contractor knowingly has a director, officer, partner, or person with a beneficial ownership of more than five percent (5%) of Contractor's equity or has an employment, consulting or other subcontractor agreement for the provision of Services under this Agreement who is, or has been: (i) excluded, debarred, or suspended from participating in any federally funded health care program, (ii) suspended or debarred from participation in any state contract or procurement process, or (iii) convicted of a felony or misdemeanor (or entered a plea of nolo contendere) related to a crime or violation involving the acquisition or dispersal of funds or delivery of Health Care Services to beneficiaries of any State or Federal health care program;

 1. **Individual Access.** Contractor shall provide access to, and permit inspection and copying of Protected Health Information and Personally Identifiable Information in either an electronic or hard copy format as specified by the individual and as required by law, within thirty (30) Days of such request from the individual. If the Contractor denies access, in whole or in part, the Contractor must provide a written denial within the time limits for providing access, which includes the basis for the denial and a statement of the individual’s review rights, if applicable. 6. Data Integrity. Contractor shall implement policies and procedures reasonably intended to ensure that Protected Health Information and Personally Identifiable Information in its possession is complete, accurate, and current, to the extent necessary for the Contractor's intended purposes, and has not been altered or destroyed in an unauthorized manner.
7. Safeguards. Contractor shall have in place administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the Protected Health Information and Personally Identifiable Information that it creates, receives, maintains or transmits pursuant to the Agreement and to prevent the use or disclosure of Protected Health Information and/or Personally Identifiable Information other than as provided for in this Agreement, or as required by law. Contractor shall immediately notify Covered California via e-mail through an e-mail address provided by Covered California once any such employees, sub-contractors, agents or other such individuals are no longer employed or retained by Contractor. Contractor shall likewise cooperate in good faith to ensure the accounts of any such individuals are de-activated to prevent unauthorized access to Protected Health Information

and/or Personally-Identifiable Information through any such Covered California computer system; and

- h. Destroy Protected Health Information and Personally Identifiable Information in a manner consistent with applicable State and Federal laws, regulations, and agency guidance on the destruction of Protected Health Information and Personally Identifiable Information, including NIST special publication 800-88 “Guidelines for Media Sanitization”; and

(d) Interpretation. Notwithstanding any other provisions in this section, to the extent a conflict arises between the permissibility of a use or disclosure of Protected Health Information or Personally Identifiable Information under the HIPAA Requirements, Covered California Requirements, or California Requirements with respect to Contractor Covered California Functions, the applicable requirements imposing the more stringent privacy and security standards to such uses and disclosures shall apply. In addition, any ambiguity in this Agreement regarding the privacy and security of Protected Health Information and/or Personally Identifiable Information shall be resolved to permit Covered California and Contractor to comply with the most stringent of the applicable privacy and security laws or regulations.

(e) Breach Notification.

- i. Contractor shall report to Covered California any Breach or Security Incident reasonably calculated to result in the Breach of Personally Identifiable Information (PII) or Protected Health Information (PHI) created or received in connection with Contractor Covered California Functions in accordance with the provisions set forth herein. For purposes of this Paragraph (e), a “Breach” shall, in accordance with the HIPAA Breach Notification Rule, mean the impermissible use or disclosure of PII or PHI within Contractor’s custody or control which is reasonably calculated to compromise the security or privacy of any such PII or PHI [45 CFR §§ 164.400-414]. For purposes of this Paragraph (e), a “Security Incident” shall, in accordance with the HIPAA Security Rule, mean the attempted or successful unauthorized access, use, disclosure, modification or

destruction of information or the interference with system operations in an information system [45 CFR § 164.304].

- ii. Contractor shall, without unreasonable delay, but no later than within three (3) business days after Contractor's discovery of a Breach or Security Incident reasonably calculated to result in a Breach of PII or PHI subject to this agreement, submit an initial report regarding any such Breach or Security Incident to Covered California. Reports shall be made on a form made available to Contractor by Covered California.
- iii. Contractor shall cooperate with Covered California in investigating any such Breach or Security Incident and in meeting Covered California's obligations, if any, under applicable State and Federal security breach notification laws, regulatory obligations or agency requirements. Such notification(s) and required reporting shall be done in cooperation with Covered California.
- iv. To the extent possible, Contractor's initial report shall include: (a) the names of the individual(s) whose Protected Health Information and/or Personally Identifiable Information has been, or is reasonably believed by Contractor to have been accessed, acquired, used or disclosed. In the event of a Security Incident Contractor shall provide such information regarding the nature of the information system intrusion and any systems potentially compromised; (b) a brief description of what happened including the date of the incident and the date of the discovery of the incident, if known; (c) a description of the types of Protected Health Information and/or Personally Identifiable Information that were involved in the incident, as applicable; (d) a brief description of what Contractor is doing or will be doing to investigate, to mitigate harm to the individual(s) and to its information systems, and to protect against recurrences; and (e) any other information that Covered California determines it needs to include in notifications to the individual(s) or relevant regulatory authorities under applicable privacy and security requirements.
- v. Within three (3) Days of conducting its investigation, unless an extension is granted by Covered California, Contractor shall file a final report, which shall identify and describe the results and outcome of Contractor's above-referenced investigation and mitigation efforts. Contractor shall make all reasonable efforts to obtain the information listed above and shall provide an explanation if any information cannot be obtained. Contractor and Covered California will cooperate in developing content for any public statements.

(f) Other Obligations. The following additional obligations apply to Contractor:

- (i) Subcontractors and Agents. Contractor shall enter into an agreement with any Agent or subcontractor that will have access to Protected Health Information and/or Personally Identifiable Information that is received from, or created or received by, Contractor on behalf of Covered California or in connection with this Agreement, or any of its contracting Plans pursuant to which such Agent or subcontractor agrees to be bound by the same or more stringent restrictions, terms and conditions as those that apply to Contractor pursuant to this Agreement with respect to such Protected Health Information and Personally Identifiable Information.

In addition, Contractor shall provide Covered California with information concerning its safeguards described throughout this section and/or other information security practices as they pertain to the protection of Protected Health Information and Personally Identifiable Information, as Covered California may from time to time request. Failure of Contractor to complete or to respond to Covered California's request for information within the reasonable timeframe specified by Covered California shall constitute a material breach of this Agreement. In the event of a Breach or Security Incident related to Protected Health Information and/or Personally Identifiable Information or any use or disclosure of Protected Health Information and/or Personally Identifiable Information by Contractor in violation of the requirements of this Agreement, Covered California will be permitted access to Contractor's facilities in order to review policies, procedures and controls relating solely to compliance with the terms of this Agreement.
- (iv) Electronic Transactions Rule. In conducting any electronic transaction that is subject to the Electronic Transactions Rule on behalf of any Plan, Contractor agrees to comply with all applicable requirements of the Electronic Transactions Rule set forth in 45 C.F.R. Part 162. Contractor agrees to require that any Agent, including a subcontractor, of Contractor that conducts standard transactions with Protected Health Information and/or Personally Identifiable Information of the Plan comply with all applicable requirements of the Electronic Transactions Rule.
- (v) Minimum Necessary. Contractor agrees to request and use only the minimum necessary type and amount of Protected Health Information required to perform

its services and will comply with any regulations promulgated under the HIPAA Requirements and agency guidance concerning the minimum necessary standard pertaining to Protected Health Information. Contractor will collect, use and disclose Personally Identifiable Information only to the extent necessary to accomplish a specified purpose under this Agreement.

- (vi) Indemnification. Contractor shall indemnify, hold harmless, and defend Covered California from and against any and all costs (including mailing, labor, administrative costs, vendor charges, and any other costs Covered California determines to be reasonable), losses, penalties, fines, and liabilities arising from or due to a Breach or other non-permitted use or disclosure of Protected Health Information and/or Personally Identifiable Information by Contractor or its subcontractors or Agents, including (1) damages resulting from any action under applicable (a) HIPAA Requirements, (b) Covered California Requirements or (c) California Requirements, and (2) the costs of Covered California actions taken to: (i) notify the affected individual(s) and other entities of and to respond to the Breach; (ii) mitigate harm to the affected individual(s); and (iii) respond to questions or requests for information about the Breach or other impermissible use or disclosure of Protected Health Information and/or Personally Identifiable Information.
- (g) Privacy Policy. Covered California shall notify Contractor of any limitation(s) in its Privacy Policy, to the extent that such limitation may affect Contractor's use or disclosure of Protected Health Information and/or Personally Identifiable Information.
- (h) Reporting Violations of Law. Contractor may use Protected Health Information to report violations of law to appropriate Federal and State authorities, consistent with 45 C.F.R. § 164.502(j)(2), other provisions within the HIPAA Requirements, or any other applicable state or federal laws or regulations.
- (i) Survival. Notwithstanding anything to the contrary in the Agreement, the provisions of this section on the Protection of Personally Identifiable Information shall survive termination of the Agreement with respect to information that relates to Contractor Covered California functions until such time as all Personally Identifiable Information and Protected Health Information is destroyed by assuring that hard copy Personally Identifiable Information and Protected Health Information will be shredded and electronic media will be cleared, purged, or destroyed consistent with National Institute of Standards and Technology Guidelines for Media Sanitization, or is returned to Covered California, in a manner that is reasonably acceptable to Covered California.
- (j) Contract Breach. Without limiting the rights of the parties pursuant to this Agreement, if Contractor breaches its obligations under this section, Covered California may, at its option: (a) exercise any of its rights of access and inspection under this Agreement; (b) require Contractor to submit to a plan of monitoring and reporting, as Covered California may determine necessary to maintain compliance with this Agreement and such plan shall be made part of this Agreement; or (c)

notwithstanding any other provisions of this Agreement, after giving Contractor opportunity to cure the breach, terminate this Agreement. If Contractor materially breaches its obligations under this section, Covered California may terminate this Agreement, with or without opportunity to cure the breach. Covered California's remedies under this section and any other part of this Agreement or provision of law shall be cumulative, and the exercise of any remedy shall not preclude the exercise of any other.

9.2 Protection of Information Assets

(a) The following terms shall be given the meaning shown:

- (i) "Information Assets" means any information, including Confidential Information, necessary to the operation of either party that is created, stored, transmitted, processed or managed on any hardware, software, network components, or any printed form or is communicated orally. "Information Assets" does not include information that has been transferred from the Disclosing Party to the Receiving Party under applicable laws, regulations and agency guidance, and that is being maintained and used by the Receiving Party solely for purposes that are not Contractor Covered California Functions.
- (ii) "Confidential Information" includes, any information (whether oral, written, visual or fixed in any tangible medium of expression), relating to either party's services, operations, systems, programs, inventions, techniques, suppliers, customers and prospective customers (excluding Covered California), cost and pricing data, trade secrets, know-how, processes, plans, reports, designs and any other information of or relating to the business or either party, including Contractor's programs, but does not include information that (a) is described in the Evidence of Coverage booklets; (b) was known to the Receiving Party before it was disclosed to the Receiving Party by the Disclosing Party, (c) was or becomes available to the Receiving Party from a source other than the Disclosing Party, provided such fact is evidenced in writing and the source is not bound by a confidentiality obligation regarding such information to Disclosing Party, or (d) is developed by either party independently of the other party's Confidential Information, provided that such fact can be adequately documented.
- (iii) "Disclosing Party" means the party who sends Information Assets that it owns to the other party for the purposes outlined in this Agreement.
- (iv) "Receiving Party" means the party who receives Information Assets owned by the other party.

(b) The Receiving Party shall hold all Information Assets of the Disclosing Party in confidence and will not use any of the Disclosing Party's Information Assets for

any purpose, except as set forth in this Agreement, or as otherwise required by law, regulation or compulsory process.

- (c) The Receiving Party must take all reasonable and necessary steps to prevent the unauthorized disclosure, modification or destruction of the Disclosing Party's Information Assets. The Receiving Party must, at a minimum, use the same degree of care to protect the Disclosing Party's Information Assets that it uses to protect its own Information Assets.
- (d) The Receiving Party agrees not to disclose the Disclosing Party's Information Assets to anyone, except to employees or third parties who require access to the Information Assets pursuant to this Agreement, but only where such third parties have signed agreements regarding the Information Assets containing terms that are equivalent to, or stricter than, the terms of this section, or as otherwise required by law.
- (e) In the event the Receiving Party is requested to disclose the Disclosing Party's Information Assets pursuant to a request under the California Public Records Act (PRA), a summons, subpoena or in connection with any litigation, or to comply with any law, regulation, ruling or government or public agency request, the Receiving Party shall, to the extent it may do so lawfully, give the Disclosing Party five (5) business days' notice of such requested disclosure and afford the Disclosing Party the opportunity to review the request before Receiving Party discloses the Information Assets. The Disclosing Party shall, in accordance with applicable law, have the right to take such action as it reasonably believes may be necessary to protect the Information Assets, and such action shall not be restricted by the dispute resolution process of this Agreement. If such request is pursuant to the PRA, Covered California shall give Contractor five (5) business days' notice to permit Contractor to consult with Covered California prior to disclosure of any Confidential Information. This subdivision shall not apply to restrict disclosure of any information to the State or in connection with a dispute between Covered California and Contractor or any audit or review conducted pursuant to this Agreement.
- (f) The Receiving Party shall notify the Disclosing Party in writing of any unauthorized disclosure, modification or destruction of the Disclosing Party's Information Assets by the Receiving Party, its officers, directors, employees, contractors, Agents, or third parties. The Receiving Party shall make this notification promptly upon becoming aware of such disclosure, modification or destruction, but in any event, not later than four (4) Days after becoming aware of the unauthorized disclosure, modification or destruction. After such notification, the Receiving Party agrees to cooperate reasonably, at the Receiving Party's expense, with the Disclosing Party to remedy or limit the unauthorized disclosure, modification or destruction and/or its effects.
- (g) The Receiving Party understands and agrees the Disclosing Party may suffer immediate, irreparable harm in the event the Receiving Party fails to comply with any of its obligations under this section, that monetary damages will be

inadequate to compensate the Disclosing Party for such breach and that the Disclosing Party shall have the right to enforce this section by injunctive or other equitable remedies. The provisions of this section shall survive the expiration or termination, for any reason, of this Agreement.

- (h) To the extent that information subject to this section on Protection of Information Assets is also subject to HIPAA Requirements, the Covered California Requirements or California Requirements in Section 9.1(b) and (c), such information shall be governed by the provisions of Section 9.1. In the event of a conflict or inconsistency between the requirements of the various applicable sections and attachments of this Agreement, including Section 9.1 and this Section 9.2, Contractor shall comply with the provisions that provide the greatest protection against access, use or disclosure.
- (i) Survival. Notwithstanding anything to the contrary in the Agreement, the provisions of this section on Information Assets shall survive termination of the Agreement until such time as all Information Assets provided by Covered California to Contractor, or created, received or maintained by Contractor on behalf of Covered California, is destroyed by assuring that hard copy Information Assets will be shredded and electronic media will be cleared, purged, or destroyed consistent with National Institute of Standards and Technology Guidelines for Media Sanitization or is returned to Covered California, in a manner that is reasonably acceptable to Covered California.

Contractor shall also ensure that related books and records of Participating Providers and subcontractors shall be accurately maintained. If any inquiry, audit, investigation, litigation, claim or other action involving the records is ongoing and has not been finally concluded before the end of the ten (10) year minimum retention period, the applicable financial records must be retained until all issues arising out of the action have been resolved.

10.4 Back-Up

Contractor shall maintain a separate back-up system for its electronic data processing functions and a duplicate data file which is updated regularly and stored off-site in a secured, controlled environment. Contractor's back-up system shall comply with applicable laws, rules and regulations, including those relating to privacy and confidentiality and shall be designed to meet or exceed industry standards regarding the preservation of access to data.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. Contractor agrees to allow the auditor(s) access to such records, information and supporting documentation during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Contractor agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Agreement.
- (d) Contractor agrees to implement corrective actions of audit/review findings within ninety (90) Days. In the instance Contractor cannot implement the corrective action of a finding within ninety (90) Days, it will submit a status report to Covered California stating why it cannot correct the finding within the specified time frame and shall propose another date for correction which shall also include a mitigation strategy. In all instances, Contractor and Covered California will do their best to resolve an audit/review finding within one hundred sixty (160) Days. Should Contractor disagree with Covered California's management decision on an audit/review finding, it may appeal such management decision to the Covered California Executive Director whose decision is final and binding on the parties, in term of administrative due process.

10.6 Notice

Contractor shall promptly notify Covered California in writing of any inquiry, audit, investigation, litigation, claim, examination, or other proceeding involving Contractor, or any Contractor personnel, Participating Provider or other authorized subcontractor that is threatened or commenced by any State and Federal Regulatory agency or other party that a reasonable person might believe could materially affect the ability of Contractor to perform in accordance with the terms set forth in this Agreement. Such notice shall be provided by Contractor to Covered California within ten (10) Days of Contractor's receipt of notice regarding such action; provided, however, that any such exchange of information shall be subject to compliance with applicable laws, rules and regulations, and shall not occur to the extent prohibited by order of the court, administrative agency, or other tribunal or State of Federal regulatory authority having jurisdiction over the matter or by the laws and regulations governing the action. This section shall not be required with respect to disputes relating to claims and other matters noticed to Covered California in the ordinary course of business pursuant to other terms and conditions set forth in this Agreement or required by law.

Covered California understands and agrees that Contractor shall only be obligated to provide access to such information to the extent that: (1) access to such information is permitted by applicable State and Federal law and regulation, including, State and Federal law or regulation relating to confidential or private information; and (2) it would not cause Contractor to breach the terms of any contract to which Contractor is a party. Contractor shall use efforts reasonably acceptable to obtain any necessary consents relating to Contractor's access to information.

10.8 Tax Reporting

Contractor shall provide such information to Covered California upon request and in such form as mutually agreed upon by the parties and reasonably required to document Contractor's compliance with, and/or to fulfill Covered California's obligations with respect to, income tax eligibility, computation, and reporting requirements required under applicable laws, rules and regulations applicable to the operation of Covered California, including those relating premium tax credit and other operations of Covered California set forth at 45 C.F.R. ARTICLE 11 – INTELLECTUAL PROPERTY

11.1 Warranties

- (a) Contractor represents, warrants and covenants to the best of its knowledge that:
- (i) It has secured and will secure all rights and licenses necessary for its performance of this Agreement, including consents, waivers, releases from all authors of or owners of any copyright interests in music or performances used, individuals, and talent (radio, television, and motion picture talent), owners of any interest in and to real estate site, locations, property, or props that may be used or shown.
 - (ii) To the best of the Contractor's knowledge, neither Contractor's performance of this Agreement, nor the exercise by either Party of the rights granted in this Agreement, nor any use, reproduction, manufacture, sale, offer to sell, import, export, modification, public and private display/performance, distribution, and disposition of the Intellectual Property made, conceived, derived from, or reduced to practice by Contractor and which result directly or indirectly from this Agreement will infringe upon or violate any Intellectual Property right, non-disclosure obligation, or other proprietary or contractual right or interest of any third-party or entity now existing under the laws of, or hereafter existing or issued by, any state, the United States, or any foreign country. There is currently no actual or threatened claim by any such third party based on an alleged violation of any such right by Contractor.
 - (iii) Neither Contractor's performance nor any part of its performance will violate the right of privacy of, or constitute false or misleading advertising or a libel or slander against any person or entity.
 - (iv) It has not granted and shall not grant to any person or entity any right that would or might derogate, encumber, or interfere with any of the rights granted to Covered California in this Agreement.
 - (v) It has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
 - (vi) It has no knowledge of any outstanding claims, licenses or other charges, liens, or encumbrances of any kind or nature whatsoever that could affect in any way Contractor's performance of this agreement.
- (b) EXCEPT AS EXPRESSLY STATED ELSEWHERE IN THIS AGREEMENT, COVERED CALIFORNIA AND CONTRACTOR MAKE NO WARRANTY AND EXPRESSLY DISCLAIM ANY WARRANTY, EXPRESS OR IMPLIED, THAT THEIR INTELLECTUAL PROPERTY OR THE INTELLECTUAL PROPERTY RESULTING FROM THIS AGREEMENT IS MERCHANTABLE, FIT FOR A

PARTICULAR PURPOSE, OR DOES NOT INFRINGE UPON ANY PATENT, TRADEMARK, COPYRIGHT OR THE LIKE, NOW EXISTING OR SUBSEQUENTLY ISSUED.

11.2 Intellectual Property Indemnity

- (a) Subject to subsection (c) hereof, Contractor agrees to indemnify and hold Covered California harmless from any expense, loss, damage, or injury; to defend at its own expense any and all claims, suits, and actions; and to pay any judgments or settlements against Covered California to the extent they arise or are due to infringement of third-party intellectual property rights enforceable in the U.S., misuse of third-party confidential or trade secret information, failure to obtain necessary third-party consents, waivers or releases, violation of the right of privacy or publicity, false or misleading advertising, libel or slander, or misuse of social media, by Contractor or any Contractor Intellectual Property. Contractor's indemnification obligations under this section are subject to Contractor receiving prompt notice of the claim after Covered California becomes aware of such claim, and being given the right to control the defense of such claim. Should any Intellectual Property licensed by the Contractor to Covered California under this Agreement become the subject of an Intellectual Property infringement claim or other claim for which Contractor is obligated to indemnify Covered California, Contractor will promptly take steps reasonably and in good faith to preserve Covered California's right to use the licensed Intellectual Property in accordance with this Agreement at no expense or disruption to Covered California, except as otherwise stated in this Agreement. Covered California shall have the right to monitor and appear through its own counsel (at Covered California's expense) in any such claim or action. In the defense or settlement of the claim, Contractor may obtain the right for Covered California to continue using the licensed Intellectual Property; or, replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes non-infringing provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property, as its sole remedy.
- (b) Notwithstanding anything to the contrary in this Agreement, any such indemnification obligation of Contractor shall not extend to any infringement or alleged infringement to the extent that such infringement or alleged infringement resulted from (i) specific instructions to use certain Intellectual Property given to Contractor by Covered California; (ii) Covered California's unauthorized modification of Contractor Intellectual Property; (iii) Covered California's use of Contractor Intellectual Property in combination with any service or product not supplied, recommended or approved by Contractor, or used by Covered California in a manner for which it was not authorized; or (iv) Intellectual Property created or derived by Covered California.
- (c) Contractor agrees that damages alone would be inadequate to compensate Covered California for breach of any term of this Article by Contractor. Contractor acknowledges Covered California would suffer irreparable harm in the event of

such breach and agrees Covered California shall be entitled to seek equitable relief, including an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

11.3 Federal Funding

If this agreement is funded in whole or in part by the federal government, Covered California may acquire and maintain the Intellectual Property rights, title, and ownership, which results directly or indirectly from the agreement; except as provided in 37 C.F.R. § 401.14 and except as stated herein. Attachment 3

Small Group Distribution Costs for CCSB QDP Premiums

To meet the requirements of the ACA and this contract set forth in Section 5.2, this Attachment outlines a rating process that accounts for the differences in distribution costs between QDP-issued small group business sold inside Covered California and business sold directly by Contractors outside of Covered California. Covered California distribution related expenses include but are not limited to Agent and General Agency commissions, sales channel related incentive programs, establishment of sales channel related online services, sales distribution educational resources, and other channel development related efforts. For purposes of this contract, sales channel and sales channel services include but are not limited to, sales outsourcing, using a third party as a sales force, using a sales force to establish a network of customers and sell to them, ecommerce, personal selling, retail, automated retail, and direct marketing. This rating process provides a mechanism to spread these distribution cost differences to produce a single premium rate for QDPs sold inside and outside the CCSB. Subject to the Statement of Risk as discussed below, this process further enables Covered California to collect sufficient funds for distribution related expenses.

CCSB Distribution Cost Percentage for 2023 Rates: 6.75%

Annually Covered California will finalize the CCSB distribution cost percentage as noted above, and Contractor shall use the below formula to determine their expected average distribution cost across on CCSB and off CCSB and submit their final CCSB rates based on this percentage.

Composite distribution percentage for use by Contractor in rate setting =

$$\begin{aligned} & \text{(Distribution Cost Percentage for CCSB)} * \text{(Assumed \% of QDP premium to be sold on} \\ & \qquad \qquad \qquad \text{CCSB)} \\ & \qquad \qquad \qquad + \\ & \text{(Contractor distribution compensation as \% of premium for non-CCSB)} * \text{(Assumed \% of} \\ & \qquad \qquad \qquad \text{QDP premium to be sold off CCSB)} \end{aligned}$$

Statement of Risk

The Contractor, not the Covered California, is at risk for the assumptions used in the Contractor bid regarding what percentage of business will be on and off the CCSB. In addition, the Contractor assumes the risk for any miscalculation of the Contractor distribution costs which may include but are not limited to Agent and General Agent Compensation.

- Each Contractor is responsible for its own assumption about the percentage of QDP business sold through the CCSB. If the percentage assumption proves to be insufficient to cover the Contractor's costs, then this will be a loss to the Contractor.

Covered California is solely responsible for estimating its own distribution costs and covering any miscalculations.

- Covered California is responsible for the assumption about the distribution percentage it will charge against QDP premiums collected via the CCSB. If the distribution cost percentage is insufficient to cover Covered California's distribution costs, then this will be a loss to Covered California. If the distribution cost percentage sufficiently covers the distribution costs and results in excess funds, then this will be a gain to Covered California. The Contractor is not at risk for the Covered California's assumption about Covered California's compensation levels.

Attachment 7 to Covered California 2017 – 2023 Individual Market QDP Issuer Contract: Quality, Network Management, Delivery System Standards and Improvement Strategy

PROMOTING HIGHER QUALITY AND BETTER VALUE

Covered California's framework for holding Dental Insurance Issuers accountable for quality care and delivery system reform seeks to lower costs, improve quality and health outcomes, and promote health equity, while ensuring a good choice of dental plans for consumers. Covered California and Contractor recognize that promoting better quality and value will be contingent upon smooth implementation and large enrollment in Covered California. Dental Insurance Issuers contracting with Covered California to offer Qualified Dental Plans (QDP) are integral to Covered California achieving its mission.

The mission of Covered California is to increase the number of insured Californians, improve health care quality, lower costs, and reduce health disparities through an innovative, competitive marketplace that empowers consumers to choose the health plan and Providers that give them the best value.

By entering into an Agreement with Covered California, the Contractor agrees to work with Covered California to develop and implement policies and practices that will promote quality and health equity, and lower costs for the Contractor's California membership. This Quality, Network Management, Delivery System Standards and Improvement Strategy is designed to hold QDP Issuers accountable for ensuring that Covered California Enrollees receive high-quality, equitable care, while QDP Issuers work to improve the healthcare delivery system and reduce costs.

All QDP Issuers have the opportunity to take a leading role in helping Covered California support models of care that promote the vision of the Affordable Care Act and meet consumer needs and expectations. The Contractor and Covered California can promote improvements in the entire healthcare delivery system. This focus will require both Covered California and Contractor to coordinate with and promote alignment with other purchasers, organizations, and groups that seek to deliver better care and higher value. By entering into this Agreement, Contractor affirms its commitment to be an active and engaged partner with Covered California and to work collaboratively to define and implement additional initiatives and programs to continuously improve quality, equity, and value.

In addition, Covered California expects all QDP Issuers to balance the need for accountability and transparency at the provider-level with the need to reduce administrative burden on providers as much as possible. For there to be a meaningful impact on overall healthcare cost and quality, solutions and successes need to be sustainable, scalable and expand beyond local markets or specific groups of individuals. Covered California expects its QDP Issuers to support their providers to engage in a culture of continuous quality and value improvement, which will benefit both Covered California Enrollees and the QDP Issuer's entire California membership.

The Contractor shall comply with the requirements in this Agreement by January 1, 2023 unless otherwise specified.

This Attachment 7 contains numerous reports that will be required as part of the annual certification and contracting process with QDP Issuers. Contractor shall submit all required reports as defined in this Attachment 7 and listed in the annual "Contract Reporting Requirements" table found on Covered California's Extranet site: (Plan Home, in the Resources folder, Contract Reporting Compliance subfolder). This information will be used for negotiation and evaluation purposes regarding any extension of this Agreement and will be reported as requested in the annual application for certification.

Covered California will use information on cost, quality, and disparities provided by Contractor to evaluate and publicly report both QDP Issuer performance and its impact on the healthcare delivery system and health coverage in California.

To the extent the Contractor uses or relies upon Risk Assessments to determine oral health status, Contractor shall offer, upon initial enrollment and on a regular basis thereafter, a Risk Assessment to all Covered California Enrollees, including those Covered California Enrollees that have previously completed such an assessment. If a Risk Assessment tool is used, it is recommended that the Contractor select a tool that adequately evaluates Covered California Enrollees current oral health status and provides a mechanism to conduct ongoing monitoring for future intervention(s).

2.06 Reporting to and Collaborating with Covered California

Regarding Health Status. Contractor shall provide to Covered California, in a format that shall be mutually agreed upon, information on how it collects and reports, at both individual and aggregate levels, changes in Covered California Enrollees' oral health status. Article 4. Access, Coordination, and At-Risk Covered California Enrollee Support

Covered California and Contractor recognize that access to care, coordination of care, and early identification of high risk Enrollees are central to the improvement of Enrollee health. Traditionally, primary care dentists have provided an entry point to the system (access), coordination of care, and early identification of at-risk patients, and the Covered California strongly encourages the full use of PCPs by Contractors. Contractor and the Covered California shall identify further ways to increase access and coordination of care and agree to work collaboratively to achieve these objectives.

- (g) Data on number of Covered California Enrollees identified and types of services provided.

4.04 Teledentistry and Remote Monitoring. In the annual application for certification, Contractor will be required to report the extent to which the Contractor is supporting and using technology to assist in higher quality, accessible, patient-centered

care, and the utilization for Covered California Enrollees on the number of unique patients and number of separate servicing provided for teledentistry and remote home monitoring. Contractor agrees to work with Covered California to provide comparison reporting for its other lines of business to compare performance and inform future requirements for Covered California where comparative data can offer meaningful reference points. Such information will be used for negotiation and evaluation purposes regarding any extension of this Agreement and the annual certification process for subsequent years.

Article 5. Patient-Centered Information and Communication

5.01 Provider Cost and Quality. Contractor shall provide Covered California with its plan, measures, and process to provide Covered California Enrollees with current cost and quality information for network providers. Contractor shall report how it is or intends to make provider specific cost and quality information available by region, and the processes by which it updates the information. Information delivered through Contractor's Provider performance programs shall be meaningful to Covered California Enrollees and reflect a diverse array of Provider clinical attributes and activities, including but not limited to: provider background; quality performance; patient experience; volume; efficiency; and price of services. The information shall be integrated and accessible through one forum providing Covered California Enrollees with a comprehensive view.

5.02 Covered California Enrollee Cost Transparency. Covered California and Contractor acknowledge and agree that information relating to the cost of procedures and services is important to Enrollees, Covered California, the Contractor, and Providers. Covered California also understands that Contractor negotiates Agreements with Providers, including dental practice groups and other clinical providers, which may result in varied Provider reimbursement levels for identical services or procedures. In the event that Contractor's Provider contracts result in different Provider reimbursement levels that have an impact on Covered California Enrollee costs within a specific region, as defined by paid claims for Current Dental Terminology (CDT) services, Contractor agrees to provide Covered California with its plan, measures, and process to assist Covered California Enrollees in identifying total cost and out-of-pocket cost information for the highest frequency and highest cost service(s) and or procedure(s). When available, this pricing information shall be prominently displayed and made available to both Covered California Enrollees and contracted Contractor Providers if provided. This information shall be updated on at least an annual basis unless there is a contractual change that would change Covered California Enrollee out-of-pocket costs by more than 10%. In that case, information must be updated within thirty (30) Days of the effective date of the new contract.

Quality, Network Management and Delivery System Standards

Glossary of Key Terms

Care Management - Healthcare services, programs and technologies designed to help individuals with certain long-term conditions better manage their overall care and treatment. Care management typically encompasses Utilization Management (UM), Disease Management (DM) and Case Management (CM). Care Management's primary goal is to prevent the sick from getting sicker and avoiding acute care events. Care Management is usually considered a subset of Population Health Management.

Contractor - The Dental Insurance Issuer contracting with Covered California under this Agreement to offer a QDP and perform in accordance with the terms set forth in this Agreement.

Covered California – The California Health Benefit Exchange, doing business as Covered California and an independent entity within the Government of the State.

Covered California Enrollee – Refers to every individual enrolled in Covered California for the purpose of receiving health benefits. Also referred to as “on-Exchange”.

Days – Wherever in this Agreement a set number of days is stated or allowed for a particular event to occur, the days are understood to include all calendar days, including weekends and holidays, unless otherwise specified.

Delivery System Transformation - A set of initiatives taken by purchasers, employers, health plans or providers, together or individually, to drive the creation and preferred use of care delivery models that are designed to deliver higher value aligned with the “Triple Aim” goals of patient care experience including quality and satisfaction, improve the health of the populations, and reduce the per capita cost of health care services. Generally, these models require improved care coordination, provider and payer information sharing, and programs that identify and manage populations of individuals through care delivery and payment models.

Dental Primary Care - Professional guidelines for addressing pediatric oral health needs are predicated on early and periodic clinical examinations to assess for evidence of pathologic changes or developmental abnormalities, diagnoses to determine treatment needs, and follow-up care for any conditions requiring treatment. These recurring periodic oral assessments ("dental checkups") are generally coupled with routine preventive services and increasingly seek to incorporate assessments of risk factors that elevate the likelihood of destructive changes if allowed to persist. This pattern of periodic assessments, preventive services, and necessary follow-up care also

generally applies for adults, who collectively are more susceptible to the development of periodontal disease, oro-pharyngeal cancers, and other soft tissue abnormalities.

Dental Home - Oral health care is best delivered in a "dental home" where competent oral health care practitioners provide continuous and comprehensive services. It is recommended that a dental home be established at a young age. An adequate dental home shall be expected to provide patients with: an accurate examination and risk assessment for dental diseases; an individualized preventive dental health program based upon the examination and risk assessment; information about proper diet and nutrition practices; a continuing care provider that accomplishes restorative and surgical dental care when necessary in a manner consistent with the patient's psychological needs; referrals to dental specialists when care cannot be directly provided within the dental home; and coordination of care with the patient's primary care medical provider as applicable. Additionally, for pediatric patients and their caregivers, an adequate dental home shall provide advice for injury prevention and a plan for dealing with dental emergencies, information about proper care of the child's teeth and supporting structures, pit and fissure sealants, a place for the child and parent to establish a positive attitude about dental health, and anticipatory guidance about growth and developmental issues.

Enrollee – Enrollee means each and every individual enrolled for the purpose of receiving dental benefits in the dental plan or market referenced. If no dental plan or market is referenced, this term is used to reference individuals enrolled in both on-Exchange QDPs and off-Exchange dental plans in the individual and small group markets.

Population Health Management - A management process that strives to address health needs, including oral health, at all points along the continuum of health and wellbeing, through participation of, engagement with and targeted interventions for the population. The goal of a Population Health Management program is to maintain and/or improve the physical and psychosocial wellbeing of individuals through cost-effective and tailored health solutions.

Preventive Health and Wellness Services - The provision of specified preventive and wellness services and chronic disease management services, including preventive care, screening and immunizations, set forth under Section 1302 of the Affordable Care Act (42 U.S.C. Section 18022) under Section 2713 of the Affordable Care Act (42 U.S.C. § 300gg-13), to the extent that such services are required under the California Affordable Care Act.

Qualified Dental Plan or QDP– A dental care service plan contract or policy of insurance offered by a QDP Issuer and certified by Covered California. QDP means either a Children’s Dental Plan or a Family Dental Plan.

Qualified Dental Plan Issuer or QDP Issuer - A licensed dental care service plan or insurer that has been selected and certified by Covered California to offer QDPs through Covered California.

Teledentistry - A mode of delivering professional dental care and public dental services to a patient through information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient's dental care while the patient is at the originating site and the dental care provider is at a distant site.

Attachment 14. Performance Standards

During the term of this Agreement, Contractor shall meet or exceed the Performance Standards identified in this Attachment. For those Performance Standards with Penalties, Contractor shall be responsible for payment of penalties for Contractor's failure to meet the Performance Standards in accordance with the terms set forth in Section 6.2 of the Agreement and this Attachment 14. Contractor shall submit the data required by the Performance Standards by the date specified by Covered California. Some of the data required applies to a window of time. Some of the data represents a point in time. This measurement timing is described in more detail in the sections within this Attachment.

Contractor shall monitor and track its performance each month against the Performance Standards and provide Covered California with a detailed Monthly Performance Report in a mutually-agreeable format. Contractor must report on Covered California business only and report Contractor's Covered California Enrollees in Covered California for the Individual Market separate from Contractor's Covered California Enrollees in Covered California for Small Business. Except as otherwise specified below in the Performance Standards Table, the reporting period for each Performance Standard shall be one calendar month. All references to days shall be calendar days and references to time of day shall be to Pacific Standard Time.

If Contractor fails to meet any Performance Standard in any calendar month (whether or not the failure is excused), Covered California may request and Contractor shall (a) investigate and report on the root cause of the problem; (b) develop a corrective action plan (where applicable); (c) to the extent within Contractor's control, remedy the cause of the performance failure and resume meeting the affected Performance Standards; (d) implement and notify Covered California of measures taken by Contractor to prevent recurrences, if the performance failure is otherwise likely to recur; and (e) make written recommendations to Covered California for improvements in Contractor's procedures.

As specified below, certain Performance Standards are subject to penalties. The total amount at risk is equal to five percent (5%) of the total Participation Fee paid by Contractor in accordance with the terms set forth in Section 5.1.3 of the Agreement for the Individual Market (At-Risk Amount). Penalties will be determined on an annual basis at the end of each calendar year, based on Contractor's final year-end data for each Performance Standard, and three point twenty-five (3.25) percent of the total Participation Fee that is payable to Covered California in accordance with the terms set forth in Section 5.2.2 for Covered California for Small Business (At-Risk Amount).

Covered California will provide the Contractor an Initial Contractor Performance Standard Evaluation Report, covering preliminary year end data available, which Covered California will send to Contractor for review no later than February 28th of the following calendar year.

When the results of the Performance Standards are calculated, Covered California will provide Contractor with a Final Contractor Performance Standard Evaluation Report, along with an invoice, within 60 calendar days of receipt of the Performance Standards data requirements.

Contractor shall remit payment to Covered California within 30 Days of receiving the Final Contractor Performance Measurement Evaluation Report and invoice. If Contractor does not agree with either the Initial or the Final Performance Standard Evaluation Report, Contractor may dispute the Report in writing within thirty (30) Days of receipt of that Report. The written notification of dispute shall provide a detailed explanation of the basis for the dispute. Covered California shall review and provide a written response to Contractor's dispute within thirty (30) calendar days of receipt of Contractor's notification of dispute. If the Contractor still disputes the findings of Covered California, Contractor may pursue additional remedies in accordance with Section 12.1 of the Agreement.

Performance Standards Reporting - Group 1 - Customer Service and Group 2 – Operational, Performance Standards 1.1 – 1. 6 and 2.1 – 2.5

Contractor shall not be responsible for any failure to meet a Performance Standard if and to the extent that the failure is excused pursuant to Section 12.7 of the Agreement (Force Majeure) or the parties agree that the lack of compliance is due to Covered California's failure to properly or timely perform (or cause to be properly or timely performed) any responsibility, duty, or other obligation under this Agreement, provided that Contractor timely notifies Covered California of the problem and uses commercially reasonable efforts to perform and meet the Performance Standards notwithstanding Covered California's failure to perform or delay in performing.

If Contractor wishes to avail itself of one of these exceptions, Contractor must notify Covered California in its response to the performance report identifying the failure to meet such Performance Standard. This response must include: (a) the identity of the Performance Standard that is subject to the exception, and (b) the circumstances that gave rise to the exception in

sufficient detail to permit Covered California to evaluate whether Contractor's claim of exception is valid. Notwithstanding anything to the contrary herein, in no event shall any failure to meet a Customer Satisfaction Performance Standard fall within an exception.

The Parties may adjust, suspend, or add Performance Standards from time to time, upon written agreement of the parties, without an amendment to this contract.
