

PLAN YEAR 2027 CERTIFICATION APPLICATION
PUBLIC COMMENT SUMMARY

Comment #	Application (QHP IND /QHP CCSB / QDP IND /QDP CCSB)	Section Name / Attachment Name	Page Number	Question #	Comment	Covered California Response (not final)	Application Change (Yes / No)
1	QDP IND	15 Dental Plan Proposal	45 (Redline)	15.3	Question 15.3 was revised to include the note that premium proposals must be submitted with the Application. However, the Application is due 4/30 and the SERFF submission with Rates is not due until June for Dental. This is the same update that was made on the Health Application for Individual which does submit SERFF w/Rates at the same time as the application, should this be removed from the Dental Application?	<p>The language in question 15.3 was revised to rearrange the language but previously included "must be submitted with the Application". This language was not added for PY27. For clarity, Covered California will revise the language in the question to state "Premium proposals must be submitted in accordance with the Certification Application Submission Guidelines instructions and due date(s). Submission instructions for proposals are subject to change and will be communicated to the Applicants".</p> <p>The SERFF submission with Rates is due in June for Dental. QDP Applicants have the option to select one of two response options to "Confirm, templates will be completed and uploaded by the due date" or "Not Confirmed, templates will not be completed and uploaded by the due date." Response option language remains unchanged.</p>	Yes
2	QHP CCSB	E - Submission Guidelines	7	N/A	(Supplemental URL Submission) These documents are not required for the CCSB RFI. Should they just be removed from this document?	The Supplemental URL Submission requirement will remain in the CCSB Submission Guidelines.	No
3	QHP CCSB	14.3 Behavioral Health	45	14.3	The section is 14, but instructions reference numbers in section 15, so they need to be updated to 14: Questions 15.3.5, and 15.3.7 - 15.3.8 are required for currently contracted Applicants. All questions required are for new entrant Applicants. All questions should be answered at the Issuer level, not at the product level. All questions are required for all Applicants. All questions should be answered at the Issuer level, not at the product level.	The instructions have been updated.	Yes
