

#### **Overview**

Covered California sends a notice to consumers to notify them they are at risk of losing their Advance Premium Tax Credit (APTC) or Cost-Sharing Reductions (CSR) for health coverage through Covered California. Due to tax laws, staff will not know which consumers were sent a notice, so we are unable to advise our Certified Enrollers which of their consumers were sent a notice.

Consumers will receive <u>this notice</u> due to one or more of the following reasons. The consumer received premium tax credits the previous year and:

- the previous year did not file a federal tax return
- filed a federal tax return, but **did not include** IRS Form 8962 with their return
- asked the IRS for an extension **but has yet to file** their previous year's tax return, including their IRS Form 8962

Consumers were advised to contact Covered California or their Certified Enroller for assistance in updating their Consent for Verification or to check their income and family size.

### Guidance

- If a consumer indicates they are contacting you about the <u>notice</u> they received, offer to review their Consent for Verification and income and family size information with them.
- If the consumer **specifically** says they would like to provide attestation that they filed their taxes or they need help, they may contact their Certified Enroller.

You can assist them by logging in to their <u>CoveredCA.com Account</u>. <u>See steps below</u> on the <u>"How to Help"</u> subsection.

- Do not provide any tax filing advice under any circumstance or answer any tax filing questions refer them to a Tax Professional.
- To protect consumer's privacy, the notice will NOT be located under **Documents and Correspondence** and Service Center Representatives will not be able to identify recipients.

## Background

A consumer who applied for Covered California and received APTC during the coverage year is required to file taxes. The IRS reports to CalHEERS when an individual did not file taxes for a year in which they received APTC. CalHEERS will use this information to update APTC eligibility for existing consumers and determine APTC eligibility for new consumers.

### **Possible Scenarios**

Review the scenarios below to understand the impact to consumers:

#### Scenario #1:

- Existing APTC eligible consumers that did not file taxes for a previous coverage year must file taxes to continue eligibility for APTC
  - These consumers will have their eligibility automatically re-determined by CalHEERS
  - The redetermination may result in the discontinuance of APTC eligibility in the current year if the consumer did not file taxes for a previous coverage year.

#### Scenario #2:

• Existing APTC eligible consumers who Report a Change will receive an ineligible status if they did not file taxes for a previous coverage year.

#### Scenario #3:

• Consumers renewing coverage and seeking premium assistance will receive an ineligible status if they did not file taxes for a previous coverage year.

### How to help

- If the consumer is determined ineligible for APTC due to their Non-Tax Filer status, they may self-attest to having filed taxes in the application on the Update Consent for Verification and Tax Filing Attestation Page.
- **Update Consent for Verification and Tax Filing Attestation** link can be accessed in the Account Information section on the Consumer Home Page.
- The link displays after login for subsidized cases (financial assistance) with an application status of 'Submitted'. The links do not display if the application type is an unsubsidized Covered California Plan only (no financial assistance).

Consumers may update their consent for verification at any time to allow Covered California to review their tax information during the annual enrollment period.

## Updating Consent for Verification

Enrollers can follow the steps below to verify whether a consumer needs to update their consent for verification.

**Note**: Due to the list view limitation of 2000 rows, the preferred method for enrollers with a large book of business is to utilize the **My Reports** link and export their book of business to filter and search for consumers with consent needing updating.

1. On the Enroller Portal home page, click **My Active Delegations**

## Tax Filing Attestation

A consumer who received premium assistance is required to file taxes. When eligibility is determined, the IRS may report the consumer did not file taxes and CalHEERS will return an ineligible status. However, consumers may self-attest to having filed taxes on the *Update Consent and Attestation* page.

Update Tax Filing Attestation Please update your attestation if you filed taxes during the previous year.
Tax Filing Attestation
People who get financial help have to file taxes for the years they got the financial help. If you get financial help and you did not file your taxes for 2 years in a row, you will not be able to get financial help in the future. Did your household file a federal tax return and reconcile any financial help you used? By attesting below, you declare under penalty of perjury, under the laws of the State of California, that:
<ul> <li>I got financial help to lower my costs for health insurance. The tax filer for my household has filed, or is planning to file, a federal and state income tax return for those benefit years.</li> <li>Cancel</li> </ul>
Cancel Update

Clicking the **Tax Filing Attestation** checkbox updates the tax filing information received from the IRS. Check the *I got financial help to lower my costs for health insurance. The tax filer for my household has filed or is planning to file, a federal and state income tax return for these benefit years.* box.

Clicking the **Update** button re-determines eligibility for the consumer and navigates the consumer to the *Household Eligibility Results Summary* page.
