2018 PRODUCT OFFERING HIGHLIGHTS

- **Primary Care:** 2017 marked the first year of a policy requiring all health plans to assign members to a primary care clinician within 60 days of enrolling. This new initiative aims to help consumers get the right care when they need it by connecting them to providers who can serve as the point of entry into an often complex and daunting health care system. As a result, 99 percent of consumers were matched to a primary care physician or clinician in 2017.
- **2018 Benefit Design:**
 - Silver 94, Gold and Platinum plans will have lower out-of-pocket maximums
 - Platinum consumers will have a lower copay to see a specialist
 - Gold consumers will see lower copays for primary care and urgent care visits
 - Silver and Silver 73 consumers will see a lower pharmacy deductible
 - Generic drugs now subject to pharmacy deductible.
