Director's Corner

Dear Covered California Enrollment Channel Partners,

On April 20, CalHEERS was updated to version 26.4, introducing two major enhancements: the Case Overview Hub and the Go Green Initiative. The new Case Overview Hub features improved navigation and streamlined access to case details, including account information, important dates, household information, eligibility summaries, and more. The Case Overview Hub is designed to simplify the Enroller experience by consolidating information into one area, making it easier to manage complex cases and better serve consumers.

Another enhancement that occurred in CalHEERS with this release is the Go Green Initiative. CalHEERS sets the default communication method as email or phone, if provided, and allows consumers to modify this preference later. Now, new messaging encourages consumers to use electronic communications through their Secure Mailbox to reduce printing and postage. Consumers who previously selected mail as their communication method will now see a "Go Paperless" pop-up when logging in to their Account Home Page.

For full details on both the Case Overview Hub and the Go Green Initiative, please refer to the [Case Overview Hub Guide](#) and the [CalHEERS 26.4 Release Notes](#).

I also want to emphasize the important work of Covered California's Outreach and Sales team, which successfully hosted a series of Special Enrollment Period workshops across California in April. Please watch for the presentation deck, recordings, and other resources that will help you support consumers during this Special Enrollment Period.

Additionally, I encourage you to review all the resources included in this briefing as well as the [Enrollment Partner Toolkits and Resources page](#) for additional information, materials, and important reminders. Thank you for your hard work and partnership in our mission to make high-quality, affordable health insurance accessible to all Californians.

Important Reminders

Special Enrollment Period

During the Special Enrollment Period (SEP), consumers can enroll in a health plan or make changes only if they experience a [Major Life Change](#). Certified enrollers may assist consumers eligible for Special Enrollment, but they cannot complete new or in-progress applications without a defined major life change. To help you support eligible consumers in understanding their options during this time, review our [Special Enrollment Period Toolkit](#) and [Covered California's Social Press Kit](#), both of which contain valuable information and resources. Please also review our [Federal Changes Quick Guide](#), which highlights key provisions and effective dates to keep you informed about important upcoming changes.

For more detailed information, including the steps to assist consumers who may qualify for this SEP, please reference our newly created [State of Emergency Special Enrollment Period Guide](#).
