NEWS FROM COVERED CALIFORNIA

October 15, 2018

Director's Corner

Dear Partners,

Welcome to the first day of enrolling new consumers into 2019 coverage! I am confident that with the help of our Certified Enrollers, it will be an incredibly successful enrollment season. With moderate premium increases in most rating areas and ample choice of qualified health plans, new and renewing consumers continue to have the option to choose a health plan that is right for them. Furthermore, consumers in some rating areas will have the option to select a health plan with a premium as low as \$1.

Another reason I am confident this will be a successful year is Covered California will be building on five previous years of investing in marketing and will again get the word out in a big way to let Californians know the value, importance, and urgency of getting covered.

While the individual penalty has been [reduced to \\$0 beginning January 1, 2019](#), I know our Certified Enrollers realize the importance of helping consumers understand that the real penalty is needing coverage and not having it. You are the front lines to ensuring Californians do not miss their opportunity to enroll in health care coverage.

Wishing you much success in your contributions to helping even more Californians get covered!

Webinar Now Online – 2019 Sign-up and Renewal Journey

In case you missed our *2019 Sign-up and Renewal Journey* webinar, the [Slide Deck](#) and [Video Recording](#) are available online.

Covered California has compiled a list of comprehensive questions asked by our Certified Enrollers throughout the webinar. Please take a moment to [review the FAQ](#), which provides clarification to questions about the renewal and sign-up process for 2019 coverage and important Covered California policy reminders that were discussed throughout the webinar.

Now Available – Snapshot of the 2019 Covered California Health Plan Offerings and Sample Rates by County

California remains a strong and stable individual marketplace as it heads into its sixth year, with all 11 health insurers in Covered California returning for 2019 and 96 percent of consumers able to choose from two or more insurers.

Review the [2019 County Rate and Plan Information Slide Deck](#), which provides a snapshot of the sample rates for a 25 and 40-year-old single individual by county. It is a quick way to identify the second-lowest Silver Plan in each county, which factors the amount of Advanced Premium Tax Credit (APTC) your consumer will receive. It also provides each plan position by county at a glance.

Renewal

Last Call for Passive Renewal

Consumers must be in an “Enrolled” or “Pending” status in a 2018 health plan as of December 13, 2018 in order for a consumer to be automatically renewed for 2019 coverage. Consumers who do not select a 2018 health plan prior to December 13 will not have an automatic renewal, and a Certified Enroller must complete the 2018 plan selection and actively renew that consumer for 2019 coverage.

Review our [Renewal Tool Kit](#) for resources to help consumers through the renewal process. Also, review the [CalHEERS Application \(Renewal Mode\) Video Walkthrough](#) to assist consumers this renewal season.

Shop and Compare – Active Renewal

Remember, 2019 marketplace rates have changed. Use the [Shop and Compare](#) tool to review with consumers both health and dental plan rates. Certified Enrollers can access the tool by clicking on “Start New Application” in their Portal, then click “Shop and Compare” under the “More Actions” pane in the footer. Certified Enrollers can add a plan directly to a consumer’s cart from the Shop and Compare tool and complete the application, which will automatically delegate the Certified Enroller to the consumer’s case. Click “Shop and Compare” at any time to begin a new quote.

Resetting a Consumer’s Password

Do you have a consumer who is experiencing problems resetting their password in CalHEERS? Review the [CalHEERS Password Reset Job Aid](#) to assist them this renewal season.

Important Changes

Loss of Short-Term Insurance

Short-term limited duration insurance plans will be banned in California beginning January 1, 2019. Some carriers have decided to stop selling these plans now, while other carriers will continue to sell new policies through December 31, 2018. Covered California will allow a [Special Enrollment Period \(SEP\)](#) for consumers who will be affected by this ban.

Consumers affected by this ban may contact you inquiring about health insurance options. Consumers affected by the short-term insurance ban will have 60 days following the last day of their short-term coverage to enroll in a Covered California health plan. You can use the special SEP circumstance to assist consumers with their applications.

Please Note: The last lawful short-term plan in California will expire on March 31, 2019; therefore, the last possible day to enroll in a Covered California health plan for consumers affected by this ban will be May 30, 2019.

Self-attestation Income Form

Covered California has recently updated the [Self-attestation Income form](#), which is used to self-attest income when no other documentation is available. **Remember, self-attestation income in a written statement is signed under the penalty of perjury and is accepted on a case-by-case basis.** The form is available in [English](#) and [Spanish](#).

Employer Shared Responsibility

Reminder: Covered California continually mails [notices](#) to the employers of those consumers who reported that their employer has not offered **affordable, minimum standard value** coverage. The notice also informs the employer that the employee has enrolled into a Covered California Qualified Health Plan and is receiving Advanced Premium Tax Credit (APTC).

Learn why Covered California is notifying employers and what you should know in our [Employer Notice of Employee Coverage Quick Guide>>](#)

Covered California, Health Insurance Companies, and Medi-Cal

Help consumers understand the difference between Covered California, Medi-Cal, and insurance companies. Many consumers think we are the same; however, each offers different types of services.

Click on the video below to learn more about the differences between Covered California, health insurance companies, and Medi-Cal! We encourage you to share the video with your consumers to offer a full understanding of the differences.

Enrollment Partner Tool Kits
