NEWS FROM COVERED CALIFORNIA

September 14, 2018

## Director's Corner

Dear Partners,

Covered California is excited to commence the 2019 Renewal and Enrollment Sign-ups on a high note. Yesterday, in a [press release](#), the latest report from the U.S. Census Bureau reflected that California's uninsured rate dropped to 7.2 percent in 2017, which is a 60 percent drop since the Affordable Care Act was launched in 2014. This compares to a national uninsured rate of 8.8 percent. We recognize your contributions had a tremendous impact in decreasing the uninsured rate in California. Thank you for all you do!

Furthermore, I would like to highlight the measures of success, which reflect how we are fulfilling our mission to help Californians obtain access to high quality health plans from our carrier partners. The following five measures are key examples of why Covered California continues to thrive:

- All 11 health plans are offering coverage in 2019;
- 82% of Californians will have access to three or more health plans;
- Enrollment in Covered California's exchange and off-exchange plans has remained steady at 2.1 million members;
- The average weighted premium increase is 8.7%, and for some consumers who receive a subsidy, the premium cost share could be as low as \$1 based on their rating area and plan selection; and

- 91% of general and acute care hospitals are available in at least one of our exchange plans;

Lastly, if you have not attended one of our 2019 Open Enrollment Kickoff meetings there is still an opportunity for you to attend. Our team is delivering the new health plan rates in your region, providing application updates, and reviewing the Renewal and 2019 Sign-up enrollment journey. [Click here to register now>>](#)

We look forward to collaborating efforts to establish another great year!

## Renewal

### Renewals Begin Soon

2019 Renewals will start October 1, 2018. Ensure your consumer's account is up-to-date with Covered California. It is important consumers are [reporting changes](#) to Covered California within 30 days, such as family size, and income changes, and updating their primary residence (and mailing) address, email, and phone number to ensure consumers receive all their notifications.

After updating their information with Covered California, **consumers should contact their health insurance plan** to ensure their plan also has their new contact information.

### Resetting a Consumer's Password

Do you have a consumer who is experiencing problems resetting their password in CalHEERS? Review the [CalHEERS Password Reset Job Aid](#) to assist them this renewal season.

### Tax Filing Notice

Last month, Covered California sent a notice to consumers to inform them of the requirement to file taxes if they receive **financial assistance**. **If these consumers received financial assistance in 2017 and Covered California cannot confirm that they filed a 2017 tax return with an IRS Form 8962, they are at risk of losing their premium tax credits for 2019.**

**Please note:** Per law and regulation, you cannot initiate conversations regarding whether or not the consumer is a non-tax filer. Do not provide any tax filing advice under any circumstance or answer any tax filing questions – refer them to the consumer service center at 1-800-300-1506 with the Primary Tax Filer (or their Authorized Representative) on the line. Review the [Tax Preparation Help for Consumers Handout](#) that includes details about where consumers can find a licensed or registered tax preparer or low-cost tax preparation services.

### **Ensure Consumer Consent for Verification is Current**

When a consumer fills out their application, they choose to allow Covered California to verify the information in their application electronically using the Federal Data Services Hub (FDSH) – this is called **Consent for Verification**.

Consumers may authorize Covered California to electronically verify their information for a period of zero (0) to five (5) years. This allows Covered California to apply the Advanced Premium Tax Credits (APTC) without the consumer having to take any action.

The annual renewal period is set to begin in October. **Consumers need to provide their Consent for Verification by September 30, 2018** in order to benefit from an automated renewal process without losing their Advanced Premium Tax Credit (APTC).

Review the [Consent for Verification Notice](#) that **Covered California sent to consumers last week** and the [Consent for Verification Quick Guide](#) for more information. Also, watch the [How to Update Consent Video](#) for instructions on updating consumer consent.

## 2019 Sign-up Process

### **2019 Sign-ups Begin October 15, 2018**
